Re: Case No. 02-38

Dear Ms. Kress,

I am fully in support of the development of Waterfront Mall. I attended the Zoning meeting on February 13th. My appreciation goes to the members of the Zoning Committee. You are a very impressive group.

It is too bad that the meeting will have to be continued in March. Unfortunately, I will not be able to attend the next zoning meeting. I will be out-of-town. This construction is something which I hope to see happen in the next few years.

I wish the Kaempfer Company , Forest City Construction and Shalom Baranes the best – they are a great team.
Sincerely,

Carole G. Early
