Case No. 02-38

Dear Director:
I am a resident of and own a business in Southwest DC and am writing in support of the PUD application for the Waterfront project.

I support the reopening of 4th Street to vehicular traffic; I believe that reopening the street is necessary to support any viable retail developement at Waterfront and that it (Waterside Mall) has been a failure for years as a pedestrian mall of sorts.

I believe that the planning done by Forest City Enterprises and Kaempher Company - the building designs and heights - the mix of office, residential, and retail will benefit the whole community. Please support the Waterfront PUD. Our future depends on it.

Sincerely,

Eglon Daley
