Re: Case No. 02-42
Text Amendment – Waterfront (W-0) Open Space Zone District

Dear Chairperson Mitten:

It was a pleasure to meet you last week. At Advisory Neighborhood Commission 6D's February meeting, the Office of Planning presented us with one page of what is apparently a ten page proposal for the W-0 text amendment, despite our prior requests for a complete copy.

As of today, they still have not provided us a complete copy, and I can assure you that neither Chairperson Assalaam nor I were ambiguous in our request for it.

Since the BZA hearing is scheduled for March 13, 2003 - which is only three days after our next public meeting - we will not have an opportunity to take a formal position (assuming we finally get a copy) until then. I am requesting permission to file a late response between March 11 and March 13 in the event that ANC6D, after reviewing the proposal, should choose to respond and testify.

Thank you in advance for your consideration. Because ANC 6D encompasses a substantial amount of waterfront land that could be subject to this amendment, it is an issue of concern to many of our constituents.

Sincerely,

Ed Johnson
