Dear Mr. Bastida:

Re: Waterfront Open Space Zoning

The Committee of 100 on the Federal City is very much interested in submitting testimony on this proposed rule-making, as the thoughtful development of waterfront property is of great importance to our members.

However, we will be unable to adopt a position in time for this evening's meeting, inasmuch as we have only recently received the latest Office of Planning submission , which certainly merits careful review before approval by our Board.

I am writing to ask that the Commission keep the record open for perhaps two weeks after tonight's hearing so that we may present our comments.

Sincerely,

Ann Hughes Hargrove
