Martin Towles

Associate
SK&I Architectural Design Group, LLC

Mr. Towles has been practicing architecture for 11 years. His residential project experience ranges from custom single-family residences through high-rise apartment buildings. In recent years much of his experience has been in high-density multi-family projects located in urban locations. The complexity and innovation of these projects has required Mr. Towles to coordinate the projects with various building codes and code officials from a number of jurisdictions. He is familiar with the standard building codes and guidelines, including the ADA and Fair Housing Guidelines.

In addition to his residential project experience, Mr. Towles has worked on commercial, tenant fit-up and resort projects.

Mr. Towles was with Torti Gallas . CHK, working within the Residential Design Studio, before leaving to join SK&I in 1999.

Mr. Towles' project experience includes:

- **Town Center Triangle Garden Apartments-** Columbia, Maryland;
- **Bolling Air Force Base Military Family Housing-** Bolling Air Force Base, Washington, DC;
- **Cascades Single Family Homes-** in Loudon County, Virginia;
