Re: Southeast Federal Center - Petition of the United States General Services Administration

Zoning Commission Case Number 03-06

Dear Chairman Mitten and Members of the Commission:

On behalf of the United States General Services Administration (GSA), we hereby submit this document as the supplemental filing required for petitions under Section 3013 of the Zoning Regulations. On February 24, 2003, this Commission set down for hearing the petition of GSA for the Southeast Federal Center Zoning Overlay. Given the magnitude and importance of the proposed petition, we urge the scheduling of this petition for public hearing as soon as possible.

The Office of Planning (OP) report dated February 14, 2003, sets forth a detailed analysis of the proposal and OP's favorable recommendation. GSA hereby incorporates that report into this supplemental filing.

We urge the Office of Zoning to schedule this petition for the first available public hearing date. We request permission to file any additional materials or modifications to the proposed overlay with the Commission no later than 20 days prior to the hearing.

If you have any questions or comments, please feel free to contact Maureen Dwyer at 202 663-8834 or Allison Prince at 202 663-8853.

Respectfully submitted,
