RE: Filing Deadline Extended

At the close of the public hearing held on September 4, 2003, for ZC Case No. 03-06, the Commission left the record open until Friday, September 19, 2003. Due to Hurricane Isabel, District Government offices were closed September 18 and 19, 2003. On Monday, September 22, 2003, Office of Zoning staff extended the previously set filing deadline to that day (the first business day the office was open after the initial deadline).

The Commissioners may, at their discretion, endorse the staff's decision and waive in the filings at the time proposed action is taken.
