Zoning Case Number ZC 03-10

Dear Mr. Basgida,

The Executive Committee of Friendship-Tenleytown Citizens Association has passed a resolution asking for the Tenley Library location at Wisconsin and Albermarle Streets be rezoned from residential to commercial zoning in order to build a new modern library be granted for the followig reasons:

1. In order to build a new library in a populous, growing area, commercial status is required for this site.

2. The present library is very rundown physically,systems outdated, and does not meet city safety requirements.

3. Money is already in the city's capital budget and should be used for the good of the people as soon as possible.

4. A new library is needed because of the large number of students in the area. Directly behind the library is Janney Elementary school.In the same block as the library are St. Anns School , and a branch of American University , Th university itself is not far. Two blocks away are Woodrow Wilson Senior High SChool.and Alice Deale Junior High School,plus several other schools in the area.

5. There are many senior citizens living in the area. Iona Senior Services Center is across the street.

For all the above reasons,we request that you rezone the Tenley Library Property from residential to commercial.

Sincerely,
Marvin Tievsky
