NOTICE OF INTENT TO FILE A ZONING APPLICATION

Application to the District of Columbia Zoning Commission for Preliminary and Consolidated Approval of a Planned Unit Development and Zoning Map Amendment

The Capper/Carrollsburg Venture, LLC, on behalf of the District of Columbia Housing Authority, Square 769, LLC and the District of Columbia, the owners of the property (collectively the "Applicants"), hereby give notice of their intent to file an application for preliminary and consolidated review and approval of a Planned Unit Development ("PUD") and Zoning Map Amendment with the District of Columbia Zoning Commission under Chapter 24 of the District of Columbia Zoning Regulations (11 DCMR §2400 *et seq.* (July 1995)). The application will be filed with the Zoning Commission not less than ten (10) days from the date of this notice. This notice is given pursuant to §2406.7 of the Zoning Regulations.

The property that is the subject of this application consists of all of Squares 739, 767, 768, 769, 797, 798, 800, 825, 825S and 882, Reservations 17B, 17C and 17D and portions of Squares 799, 824 and 880 and Reservation 17A, as shown on the attached map. The boundaries of the property run generally from 2nd Street east to 7th Street along M Street, north to Virginia Avenue, west to 2nd Street and south to M Street, S.E. The property is presently the site of the Capper and Carrollsburg public housing developments, vacant land along M Street and the D.C. Department of Public Works facility on New Jersey Avenue and consists of approximately 927,000 square feet of land area. The property is presently zoned R-5-B, except for Square 739, Reservation 17A and the southern half of Square 769, which are zoned C-3-C. Consolidated review and approval is being requested only for Squares 797, 798, 824, 825, 825S and 880.

The Applicant proposes to construct a mixed-use development composed of approximately 1,650 residential units, including public housing replacement units, "Section 8" home ownership units, and market rate units for rent and sale. The project will also include approximately 740,000 square feet of office space and approximately 20,000 to 40,000 square feet of new retail space. The buildings will range in height from three stories to 130 feet. The proposed project will have an aggregate floor area ratio ("FAR") of approximately 3.2.

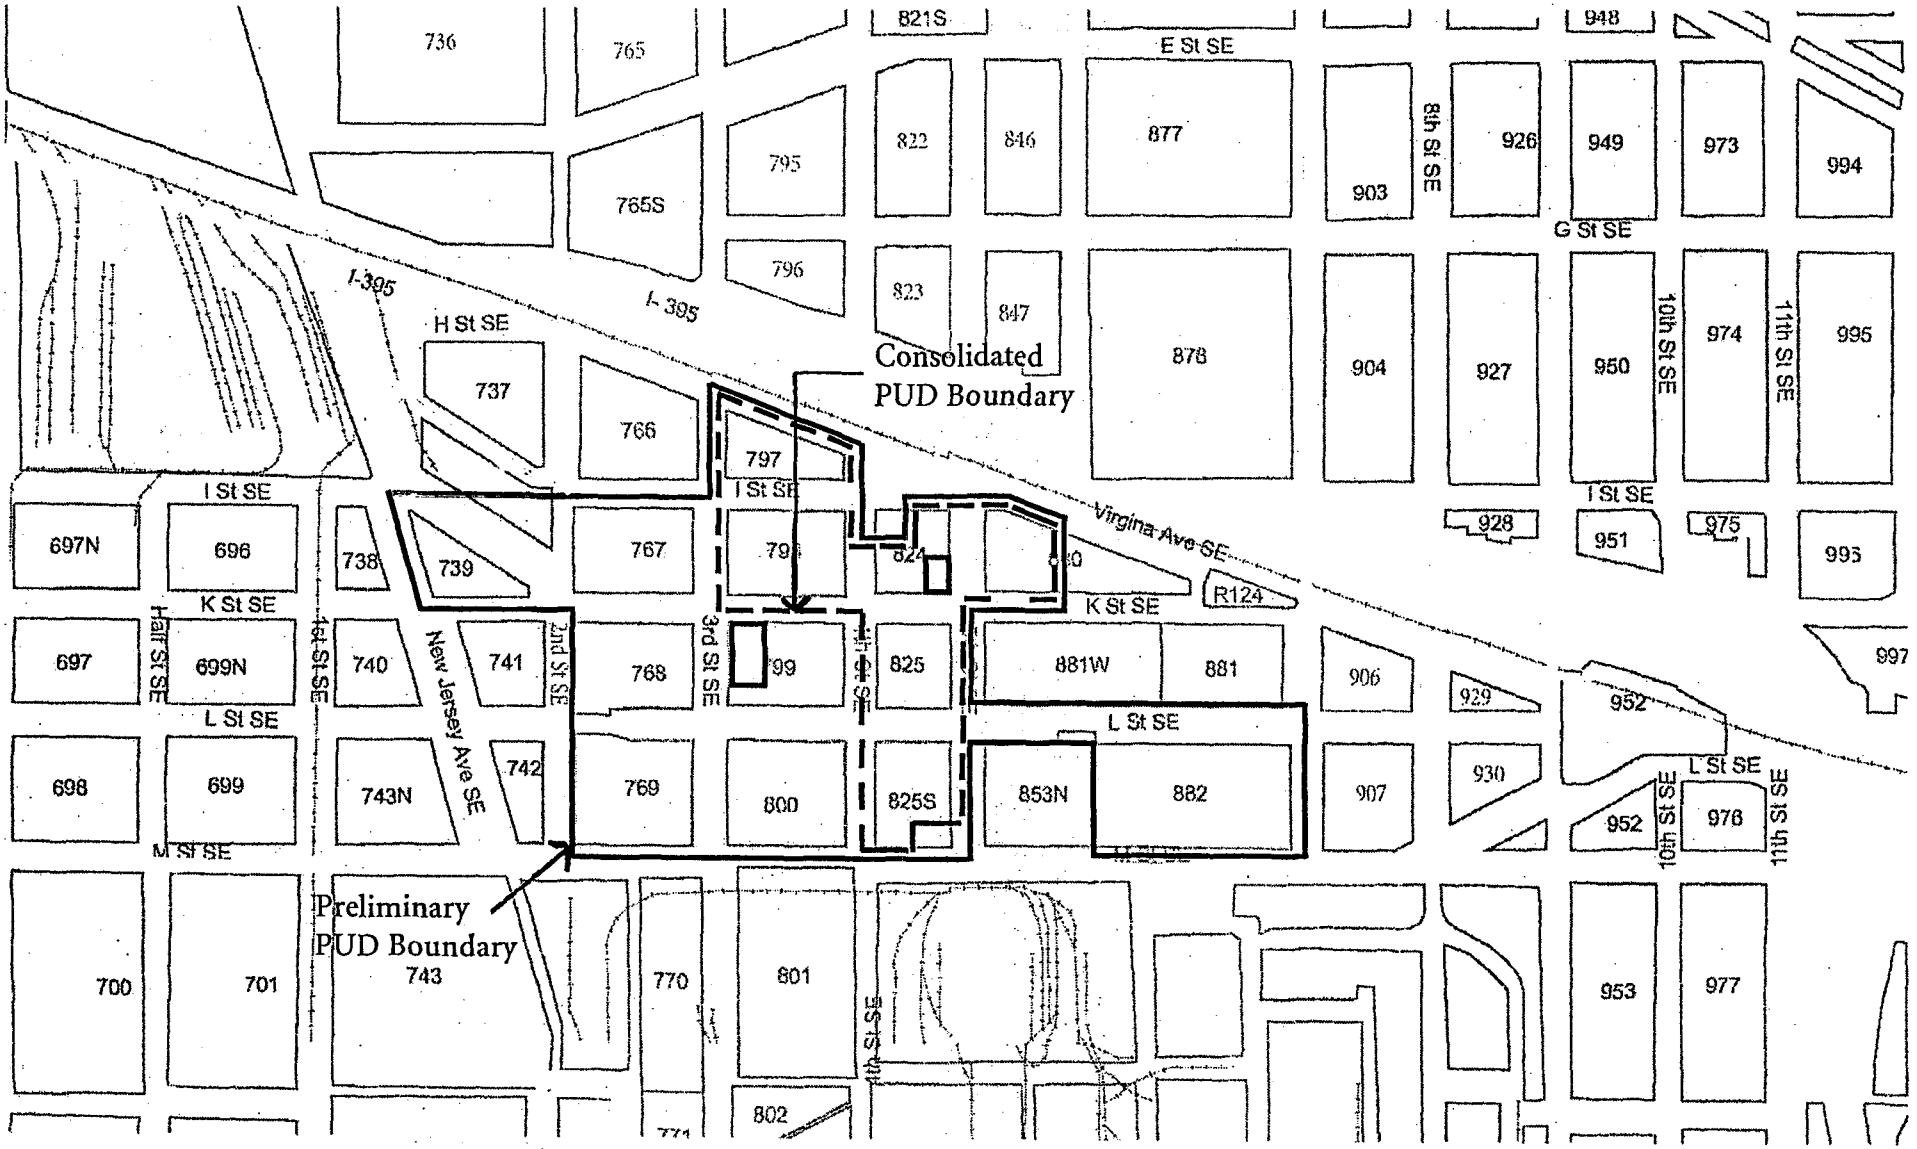

The Applicant will also seek an amendment to the Zoning Map to have Squares 767, 768 and 882 and the northern portion of Square 769 rezoned to the C-R District. This request is consistent with the mixed-use nature of the proposed development allowing for high-rise multi-family apartment buildings along the western edge of the site and high rise office buildings at the southeast corner of the site.
