RECEIVED D.C. OFFICE OF ZONING 2003 JUL 10 PM 12:28

All persons listed above are Official Representatives of this church, and we have concluded, progress is good for all. Our vision for Saint Paul Church is to extend square #824 with any lots involved to allow for expansion of our church building. This will include a Fellowship Hall and Educational Rooms. It allows the church to provide expanded services to the community. These services would include:

- Food Pantry, which is needed in the immediate area
- Day Care, so that single mothers can return to the workforce
- Family Counseling Center
- After School Care Program, so our youth will be off the street while parents are still at work and more

ZONING COMMISSION District of Columbia Case 03-12-03-13 Exhibit 25

Pastor Moon, will be the overseer of all programs related to the church. It is our prayer that the Zoning Commission will work with our Officials to accomplish the Community Development Project.
