**RE: Six-Month Extension of Time to Start Construction of Residential Building at Square 769N as approved in Z.C. Case No. 03-12P/03-13P**

Dear Chairman Hood:

I support a six-month extension of the time period in which to begin construction of the approved residential building on Square 769N, which if approved would require construction of the residential building to begin no later than February 14, 2017.

I recognize that the Applicant needs additional time to obtain the building permit, close on financing, and begin construction. I also believe that the six-month extension will not have a negative impact on the neighborhood.

Separately, I appreciate the Applicant's agreement to proactively work with the community to take steps to minimize the impact of the forthcoming construction on the nearby residents.

Sincerely,

Meredith Fascett  
Advisory Neighborhood Commissioner
