Re: Case No. 03-14 (Text Amendment - Subsection 3202.5(a) - 11 DCMR)

Dear Zoning Commissioners:

At a duly notice public meeting held May 19, 2003, with a quorum of all seven commissioners present, ANC 3F voted 7-0-0 to support the Commission's proposed rule.

The rule would correctly state 11 DCMR § 3202.5(a), in accordance with the Commissions past actions and intentions to read as follows:

> If the application is filed on or before the date on which the Zoning Commission makes a decision to hold a a hearing on the amendment, the processing of the application and completion of the work shall be governed by § 3202.4. The application shall be accompanied by any fee that is required, and by the plans and other information required by § 3202.2, which shall be sufficiently complete to permit processing without substantial change or deviation, and by any other plans and information that are required to permit complete review of the entire application under any applicable District of Columbia regulations.

That would correct and replace, consistent with ANC 3F's petition filed March 26, 2003, the novel text that appeared for the first time in the February 2003 edition of Title 11 as published by the Office of Documents.

Faithfully,

David J. Bardin, Secretary, ANC 3F
