Re: Zoning Application for a Planned Unit Development (PUD)
at 2025 F Street, NW

Dear Michelle Honey,

This letter is in response to your July 8, 2003 request to appear before the July ANC-2A Monthly Public Meeting and advising the Commission of the above planned project. As I indicated to you in a telephone conversation, ANC-2A was unable to honor your request, for the July Monthly Public Meeting because our agenda was already filled with time-sensitive issues, which required our consideration at that meeting. No meeting of ANC-2Awas held in August.

The next monthly public meeting is scheduled for September 17, 2003. We feel it would be premature for GWU to make a presentation to the community before the project has the approval of the Commission of Fine Arts. Additionally the Office of Planning has not yet submitted its report which is necessary for the Zoning Commission to approve a set-down date for this application to be heard. When this is accomplished, then ANC-2A could schedule your presentation for the next monthly public meeting, possibly in October.

The delay in response to your letter has been due to tracking the Application and the dates it would clear through the system.

Sincerely,

Dorothy Miller
