FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 03-29 (The George Washington University – New Residence Hall)

THIS CASE IS OF INTEREST TO ANC 2A

On July 30, 2003, the Office of Zoning received an application from The George Washington University (the "Applicant"). The Applicant initially requested consolidated approval of a Planned Unit Development ("PUD") and approval of a PUD-related amendment from the R-5-D Zone District to the C-3-C Zone District. The initial application proposed the construction of a residence hall for approximately 530 students, with a gross floor area of approximately 125,000 square feet, a total FAR of approximately 5.2, and a maximum height of 120 feet. The Office of Planning provided its report on October 31, 2003, recommending that the Commission advertise for both the rezoning from R-5-D to C-3-C and an alternative rezoning of the site to R-5-E. The case was set down for hearing on November 12, 2003. During the set down hearing, the Commission requested that the Applicant withdraw its request for a Zoning Map Amendment and proceed with the PUD under the existing R-5-D zoning. The Applicant provided its prehearing statement for an R-5-D PUD, including a revised application, on December 5, 2003.

The property that is the subject of this application consists of approximately 28,669 square feet of land area and is located at 2025 F Street, N.W. (Square 103, Lot 817). The subject property is zoned R-5-D.

In the current application, the Applicant proposes to construct a new residence hall that will create housing for approximately 380 students. It will have a height of 90 feet and a gross floor area of 114,281 square feet. The Applicant is requesting relief from the court, penthouse setback, lot occupancy, and rear yard requirements.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.

How to participate as a witness.

Interested persons or representatives of organizations may be heard at the public hearing. The Commission also requests that all witnesses prepare their testimony in writing, submit the written testimony prior to giving statements, and limit oral presentations to summaries of the most important points. The applicable time limits for oral testimony is described below. Written statements, in lieu of personal appearances or oral presentation, may be submitted for inclusion in the record.

How to participate as a party.

Any person who desires to participate as a party in this case must so request and must comply with the provisions of 11 DCMR § 3022.3.

A party has the right to cross-examine witnesses, to submit proposed findings of fact and conclusions of law, to receive a copy of the written decision of the Zoning Commission, and to exercise the other rights of parties as specified in the Zoning Regulations.

Except for the affected ANC, any person who desires to participate as a party in this case must clearly demonstrate that the person's interests would likely be more significantly, distinctly, or uniquely affected by the proposed zoning action than other persons in the general public. Persons seeking party status **shall file with the Commission, not less than fourteen (14) days prior to the date set for the hearing, a written statement containing the following information:**

(a) The person's name, address, and daytime telephone number;

(b) A request to appear and participate as a party;

(c) Whether the person will appear as a proponent or opponent of the application;

(d) Whether the person will appear through legal counsel, and if so, the name and address of legal counsel;

(e) A list of witnesses who will testify on the person's behalf;

(f) A summary of the testimony of each witness;

(g) An indication of which witnesses will be offered as expert witnesses, the areas of expertise in which any experts will be offered, and the resumes or qualifications of the proposed experts;

(h) The total amount of time being requested to present their case; and

(i) A written statement setting forth why the person should be granted party status, including reference to the following:

(1) The property owned or occupied by the person, or in which the person has an interest, that will be affected by the action requested of the Commission;

(2) The legal interest the person has in said property, such as owner, tenant, trustee, or mortgagee;

(3) The distance between the person's property and the property that is the subject of the application before the Commission;

(4) The economic, social, or other impacts likely to affect the person and/or the person's property if the action requested of the Commission is approved or denied; and

(5) An explanation of how the person's interest as identified in response to paragraph (4) would likely be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than those of other persons in the general public.

The applicant shall also provide the information indicated in (e) through (h) to the extent that the information is not contained in the Applicant's prehearing submission as required by 11 DCMR § 3013.1. The information shall be filed no later than fourteen (14) days before the date of the hearing.

If an affected Advisory Neighborhood Commission (ANC) intends to participate at the hearing, the ANC shall submit the written report described in § 3012.5 no later than seven (7) days before the date of the hearing. The report shall also contain the information indicated in (e) through (h) above.

Time limits.

The following time limits for oral testimony shall be adhered to unless changed by the Commission, and no time may be ceded:

2.	Parties in opposition	15 minutes each (60 minutes collectively)
3.	Organizations	5 minutes each
4.	Individuals	3 minutes each
