SUPPLEMENTAL REPORT

TO: District of Columbia Zoning Commission

FROM: Jennifer Steingasser, Deputy Director Development Review & Historic Preservation

DATE: November 2, 2009

SUBJECT: Extension Request – PUD Case 04-14, Florida Rock Property, 100 Potomac Ave. SE.

OP submitted a report providing analysis and site images for this extension request. This supplemental report is to note a correction to that report. On the last page, the report notes that it is the intention of the applicant to proceed forward with development of this property with a development partner, but the OP report inadvertently left out the word “not” when noting that the property “is *not* on the market for sale. For clarity, the applicant’s submission is clear that the property is not for sale, and it was not the intention of the OP report to indicate otherwise.

JS/jl Joel Lawson, Case Manager

ZONING COMMISSION
