

CHRISTOPHER HUFFER, AIA

Lead Designer | Associate Principal

Chris Huffer joined SK+I in 2011 and has over 13 years' experience working on complex mixed-use projects where he seems to effortlessly generate workable and creative design solutions.

Mr. Huffer has developed an in- depth knowledge of the entitlement process in DC and Alexandria and has become instrumental in design development and coordination of high and mid-rise, multi-family, mixed-use residential projects in these jurisdictions.
