Re: Zoning Commission Case No. 04-19

Advisory Neighborhood Commission (ANC) 8D is please to submit this letter in support of Zoning Commission Case No. 04-19, in which the D. C. Water and Sewer Authority (WASA) requests approval to construct a complex of "Egg-Shaped" Sewerage Digester at Blue Plains. On April 24, 2004, WASA representatives came to ANC 8D's town hall meeting and presented the plans to the neighborhood residents. Our support is based on the following favorable factors about the project:

* Reduced odor emissions at Blue Plains and at land application site;

* Reduced volume of biosoilds produced;

* Reduced truck traffic (1.2 million miles annually) as a consequence of reduced volume of biosoilds requiring transport;

* Major financial savings for WASA and its customers-- approximately $16 million annually in operating and maintenance costs.

Accordingly, ANC 8D urges the Zoining Commission to act favorably on WASA's PUD application.

Sincerely,

O. V. Johnson
Secretary, Advisory Neighborhood Commission 8D
