To whom it may concern,

Thank-you for reading this letter.
Regarding the Catholic University's plans for it's recently acquired property - why does the public lose its right to use a public road (Scale gate Drive) just because it is next to said property? I have lived in Washington all my life and my church and volunteer work is in North East on Harewood Road. Scale Gate Drive/Road has proved its worth for me & others needing direct access from Harewood Rd N.E to North Capital Street. For the past 6 months, if not more, a gate saying "CLOSED - private property" has been placed at it's entrance. This is not true - it is NOT private property. road is public property and

only a few years ago was the road and it's access from North Capit l renovated.

Please sirs & ma'ams take into consideration the public & citizens of this city who use our roads & would fight more examples of the encroachment of private concerns onto public- right-of-ways.

At the least, the gates erected by Catholic University(?) could at least be placed to "protect" their new property rights by bordering the road but not shutting off access to it by the public. please protect the public interest & our city's & citizens interests for the future! Thank you for your time
