democracy officials, who live for the
black religion. I had to sworn my-
self in as an official with notarize
approval, because democracy officials
are violent people, I couldn't get no
politician, judge, or the highest rank-
ing police to do this. So it make it
legal from me & it being notarize
by a notary public. Everything

Demand

I am writing to inform you that I wrote Jim Graham, about the property at 1300 blk of Rhode Island Ave. N.E., WDC 20018, I faxed it 4-20-06. I am sending you a copy of my license + authority, to show I am over all govt officials + unrighteous gods, to show that the system, earth, universe belongs to me, because everyone universally belong dead for enjoying rape to live in my life + inappropriately with super power + publicizing my life verbally + not caring about me getting rape with tongues + super power, by those who use my brain to survive on, but can't stand being raped by penis with severe pain. (I say to those, if you can't stand the pain, don't live on the brain.) All of you do is, stop, look, and listening to my verbal cries + do nothing to remove the people you see who do wrong with super power + tongues. You get all the councilmembers to vote yes on that land, belongs to me, have the Mayor, Senates, President to sign it + I want big money to build my castle on that land, no matter how expensive the material costed, I want it build my way + I want the system to pay for my utilities to live there. I do not like that contractors are trying to build new urban living apartments there for condos, make sure they build nothing there, that land is mines. I officially own this world + it is on notarize documents, by notary public name Jay Kennedy, on the fourth page of my pg. 1

license documents. The system is mines to control + this earth, you govt officials that are politicians + judges isn't suppose to disrespected my authority, titles, or written notarize documents. I sent this to Vincent Orange Sr. + Jim Graham, they acted like they never received it faxed, license authority + the requested not to let no one build nothing there, its for my castle, I shouldn't have to ask for something ^{that} is legally mines, I been wrote this before they started campaigning. The machine is mines, so duplicate x amount of bills for material + utilities, no revenue or taxes needed to pay it back. When you all started recognize that I am a royal woman living on poverty, because all of you are jealous that I am a god that lives righteously. Please write me back Linda Crapp + let me know do you all have respected for what I am writting. Senates do not own the system, but they think that they do, I do legally. If they try to build, I will show papers that I wrote, my license, let them know, if I ever receive super power, I will make it disappear, shame on the money + peopl life that lives there. I am sick + tired of fighting every year to save section 8 for affordable housing with empower DC, please keep in mind we want our affordable homes every year. This crime has been at Brookland Manor Apts for ten years, I move here 1996 February 1, to 9-20-06, this crime has been in my life since July 1993 when they started using a sharp pain needle up my rectum hole with super power, it started when I met Carlos Gare + losted my job for jealousy, I want you all to take this matter to the court room + do summons me, 13 years.

Ms. Abeldess JoAnn L. Adams

Sincerely,

war 2001x

P.S. Do not disregard my complaint, I'm tired of gods & other people begging for my rectum hole to lick with their tongue & super power & licking it. This rape crime has no business living in my life to educate no one, who wasn't taught to know everything they want to know. Do not keep taking advantage of my mind & life, lawyers do not want to represent me, all they want to do is be jealous & keep living for rape & jealousy. I will use this letter if ever in the future to prove I wrote you for business purposes. Do take this rape crime to court, I want desperately to be freed from people who beg for my butt to rape, I want my super power to be complete as a god & remove this crime & all people. My father Jehovah God & his family can be easily found now that they do not have a home, because they refuse to stop practicing jealousy & raping my butt. They live in my neighbor home in apt 5, at 1426 Saratoga Ave. N.E., her name is Norma Smith, summons Jehovah God to court to give me my super power, he also plays as Abbon John Waffle, as a D.J. on 102.3 Magic FM radio station. Linda Leaks do not care for me or have respected to fight for me with this crime, do not give her important documents to send to me, she hate me like other people. They actually think someone owe them education by raping their life with super power & watching the person with eyes in their home. Make sure they stop raping my son life the same way, his name is God Lester W. Marshall, he lives with his father, Ulysses W. Marshall. Let the judge or I provide my dum white race family with a home to live at when I get control. Our ANC Mr. William C. Shelton isn't on my side, he let this crime remain here & won't put residents out who is a threat to my life, Nor my Smith is & Kerisha Richardson & her family in apt 6 next door.

P.S. I also forgot to tell you I have a sleeping disorder, so I hope that the judge know that I will be getting up tied & may be sleepy while sit & participate to listen to the hearing, asking me questions. I would like for you all to provide me financial money to come to court. I am hearing from those who communicate to me through rape, that you all gave Linda Leaks an important document & she is refusing to send it to me. This is what I am talking about, do not send nothing to others to give to me, send it to me personally, all these people is too jealous to see me live on happiness, I heard its alot of money. The insomnia is the sleeping disease that I have & I take 100 mg, amitriptyline, I receive Supplemental Security Income, I ask for it to be raise to the cost of living, add \$500 to \$800 to \$603.00. I want \$1 billion to live on monthly, see if you can get all yes from all council members & have the Mayor, Senates, President to sign to grant it. I also want resident in apt. 6 & 5 at 1426 Saratoga Ave, N.E., to be arrested & evicted for verbal & physical harassment & rape assaults through rape, when jail is fit to live in & sanitary & respected for inmates to live a normal life inside. Jehovah God & his family & those two residents relate messages to me, but I'm tied of their rape assaults, I want them to shut up. I can't watch t.v., listen to music, watch DVD's or VCR movies, use a computer, go to a movie theatre, skating, bowling, I'm tied of him controlling my life with jealousy, Jehovah God I he wants to take my hair off of my head if I do, but I don't, make my skin with a cne & rash blemishes, I can't keep living in my home or in public like this, he hate when I read a book or newspaper, put severe pain in my bones.

Inclusionary Zoning ZC Case No. 04-33A

I, Goddess JOANN L. Adams is the highest God & Official, I am over the Constitutional laws & elected govt officials, my rulership is mandatory, I do want everything I say in my documents to be granted. All elected govt officials care about, is for me to live a rape life & live on my mind & never have no say in laws or decisions, I am first, not them, they use their titles & authority to be a bully. So, I am leaving legal notarize documents to show my authority over theirs & to show that this system & earth belongs to me, not them. I am giving support for Inclusionary Zoning, to be put in all neighborhoods that are non-historic & historic, for low & moderate incomes, when developers build homes, all people can be included in these homes who can & can't afford market rent. Whether its seniors, disable, handicap, homeless people who are in shelters or the low & moderate income along with middle & upper incomes. I would also like to see a lot of the land use for the people who are in need for a decent shelter to live in, because the others aren't efficient. Owners & developers, be aware not to discriminate against people source of income, race & color, etc., make sure that their units are made equally the same as those who can afford market rent. If you want to discriminate, do it on the basis that they are violating the lease rules & regulations, make sure people who are deg- pg1

radings, don't move in to vandalize. Officials
aren't providing the cost of living for all in-
comes. Do not excluded for racist reasons that are
unclean & unconstitutional. I would like for
housing authority to set aside 20 units, not 5 units
for the low moderate incomes, in every building
they put up. Developers have a sign up on 1300 blk of
Rhode Island Ave. N.E., to build New Urban Living
Condos, no! That land I want for my castle, tell
them they can't build condos there. I have announce
this to Linda Cropp & All councilmembers when I fax-
ed it in writting. For those who play mind games
about me being a god, goddess stands for female
god & thats unconstitutional & everyone know who I
am, you live in my life. I am a lawmaker.

(On Page Four Of My License, I N Paragraph
7, It States, This earth, universe, is mines, I
am the owner, the system is mines to control & change
legal action that has been control by democracy
officials.)
