# Consolidated Action Plan Administrative Agent Survey

## 1. Agency Contact Information

The District of Columbia has started work on the 2010-2015 Consolidated Action Plan and FY 2011 Annual Action Plan for submission to the US Department of Housing and Urban Development. The Consolidated Action plan sets goal for affordable housing in the Metropolitan Regional Washington DC Area over the next 5 years. This Consolidated Action Plan must include an assessment of current housing needs, an inventory of the overall housing portfolio, an examination of barriers to affordable housing, and a strategic plan for housing in each of our jurisdictions. The goals must show how our system of care provides decent, affordable housing; improves access to sustainable housing; and improves access to economic development (see 24 CFR part 91). In order to get your perspective, HAHSTA has created a short survey to gather information about the particulars for each jurisdiction.

Please complete the survey by January 29. If you have any questions or concerns, please contact Amy Richter at amy.richter@dc.gov or 202-741-0878.

Thank you!

# Consolidated Action Plan Administrative Agent Survey

## 7. Additional Comments

Before concluding the survey, HAHSTA would like to provide an opportunity for you to provide any information you think may assist in determining the overall housing inventory, housing needs, barriers, and improvements that could impact persons living with HIV/AIDS in your jurisdiction.

1. Please provide any additional, relevant comments:

A large, empty rectangular box with a thin black border, intended for the respondent to provide additional comments. The box is positioned to the left of the page's right margin.

Housing for Persons with AIDS Program – Housing Information Services

**Project Description**

Housing Information Services will provide referrals, educational support and linkages for persons and families with HIV/AIDS who are homeless or at-risk of homelessness. Housing Information Services will ensure that clients who need housing and housing support services receive information about landlords with available housing units, educational materials to support access and maintenance of affordable housing, enrollment screening for HOPWA programs, and linkages to housing opportunities available through other federal, state, and local programs.

**Objective category** ☐ Suitable Living Environment ☒ Decent Housing ☐ Economic Opportunity  
**Outcome category** ☒ Availability/Accessibility ☐ Affordability ☐ Sustainability

**Location**

Services will be available to all residents of the District of Columbia through a Single Point of Entry program and for all residents of the Northern Virginia jurisdiction through Northern Virginia Regional Commission.

Housing for Persons with AIDS Program – Permanent Housing Placement

**Project Description**

Permanent Housing Placement dollars are used to assist low-income, HIV positive residents with security deposits. This program is essential in helping residents move from transitional or emergency housing into longer-term housing placement. In the District of Columbia and in West Virginia, this program is used in conjunction with the TBRA program. In Virginia this program is used to assist all eligible residents who can demonstrate need.

Housing for Persons with AIDS Program – Tenant-Based Rental Assistance

**Project Description**

The Tenant Based Rental Assistance (TBRA) program is a voucher based program that provides rental subsidy payments to low-income, persons living with HIV/AIDS. Clients are required to pay approximately 30% of their income towards rent and the TBRA subsidy pays the remainder of the rent cost of the lease along with associated utility costs. Clients who cannot maintain independent living or who have difficulty meeting the requirements of the program are linked with supportive services. Each jurisdiction has built capacity to assist clients with finding affordable housing units that accept the TBRA voucher.

**Objective category**    ☐ Suitable Living Environment    ☒ Decent Housing    ☐ Economic Opportunity  
**Outcome category**    ☒ Availability/Accessibility    ☐ Affordability    ☐ Sustainability

**Location**

This program is available to residents in all of the jurisdictions in the EMSA. TBRA entry is centralized in Maryland and the District of Columbia through the Single Point of Entry program. In West Virginia, the program is administered in conjunction by the supportive services provider. In Northern Virginia, the Northern Virginia Regional Commission coordinates enrollment and payment services through several different project sponsors.

Housing for Persons with AIDS Program – Supportive Services

**Project Description**

Support Services dollars focus on those populations most at-risk for homelessness such as those in emergency or transitional facility based housing. Additional supportive services are leveraged through existing resources. Sub-recipients in each jurisdiction determine the appropriate mix of supportive services essential for clients to access and maintain housing. Services include case management, legal counseling, and transportation. Supportive Services dollars in Virginia, Maryland, and the District of Columbia are additionally used to assist clients on wait lists for TBRA and STRMU with finding other options for housing support.

## **APPENDIX D: CITIZEN PARTICIPATION PLAN**

DHCD's Citizen Participation Plan (CPP) describes how citizens will participate in three programmatic areas:

1. Development of the Consolidated Plan,
2. Substantial amendments made to the Consolidated Plan, and
3. Development of the annual performance report.

The plan is designed to especially encourage participation by low- and moderate-income persons, minority and non-English speaking persons, residents of public and assisted housing developments, and, in particular, persons living in areas where the federal grant funds are proposed to be used

## **Background**

The Community Development Block Grant program is authorized under Title I of the Housing and Community Development Act of 1974. The primary objective of this Act is the development of viable urban communities. The District of Columbia has been a participant in the federal Community Development Block Grant (CDBG) program since its inception. A Citizen Participation Plan is part of the Consolidated Planning requirements contained in 24 CFR 91.

In 1994, federal regulations were revised to require the consolidated submission of plans and applications for three other programs in addition to the CDBG plan and application. The following four entitlement grant programs of the U.S. Department of Housing and Urban Development (HUD) were consolidated into a single planning and application process:

- Community Development Block Grant Program (CDBG)
- HOME Investment Partnerships Program (HOME)
- Emergency Shelter Grants Program (ESG)
- Housing Opportunities for Persons with AIDS Program (HOPWA)

## **The Citizen Participation Plan Requirement**

The associated revised regulations stipulate that participating jurisdictions must develop and implement Citizen Participation Plans that specify how citizens can provide input to the planning and implementation process.

This document constitutes the Citizen Participation Plan for the District of Columbia's Consolidated Plan. It was prepared by the Department of Housing and Community Development (DHCD), the District's grantee agency for administration of the Consolidated Plan.

DHCD's Citizen Participation Plan (CPP) describes how citizens will participate in three programmatic areas:

1. Development of the Consolidated Plan,
2. Substantial amendments made to the Consolidated Plan, and
3. Development of the annual performance report.

The plan is designed to especially encourage participation by low- and moderate-income persons, minority and non-English speaking persons, residents of public and assisted housing developments, and, in particular, persons living in areas where the federal grant funds are proposed to be used. In addition, the CPP requires DHCD to minimize displacement and inform citizens of available assistance with relocation for all federally-funded projects. DHCD includes relocation requirements compliant with the Uniform Relocation Act (URA) in its guidelines to prospective developers during the development funding process. These guidelines are also available to the public and other government agencies. Participating jurisdictions are required to follow their Citizen Participation Plans after adoption.

### **Plan Development Process:**

The District's Consolidated Plan process begins with DHCD's preparation of the Citizen Participation Plan (CPP) which describes the Plan Development Process. The CPP informs the public about processes and procedures for public access and influence on the Consolidated Plan and Annual Action Plans, and the proposed scheduling for development and submission of the plan. Copies of the CPP are made available at least 2 weeks prior to the first public hearing at public libraries, all Advisory Neighborhood Commission offices, selected community based organization offices, at DHCD offices and on DHCD's website: <http://dhcd.dc.gov>. The CPP is also made available during the review of the Consolidated Plan.

The CPP includes a vigorous effort to notify the District of Columbia Housing Authority and other government agencies as well as the affected public about the Plan Development Process and to provide ample opportunity for citizen input at all stages. In the course of developing the Consolidated Plan, there are *at least* three public hearings held and there are two 30-day, open comment periods during the drafting stages before the document is finalized and submitted to HUD. The Consolidated Plan development process consists of the following steps:

- Preparing and issuing the Citizen Participation Plan with Notice of the "Needs Assessment" Public Hearings,
- Conducting a series of "Needs Assessment" Public Hearings early in the fiscal year to develop public priorities and receive feedback on prior year performance,
- Preparing and issuing a draft proposed Five-Year Plan (if a new 5-Year Plan must be developed), or a draft proposed Action Plan for the current fiscal year,
- Conducting (at a different point in the program year) a "Budget" Public Hearing on the draft proposed Consolidated Plan and its proposed budget,
- Submitting the final proposed Consolidated Plan to the Mayor for approval,
- Finalizing the Consolidated Annual Action Plan, and
- Submitting the Consolidated Annual Action Plan to HUD prior to the August 15<sup>th</sup> annual deadline.

\*Specific dates and locations are provided in published Notices, through direct mailings, in publicly-accessible locations and on the DHCD web-site

### **Public Access and Accommodation**

DHCD facilitates broad-based participation in its planning process by providing:

- No less than two-week advance publication of a Notice of Public Hearings,
- No less than 30 days to review the draft documents,
- Two-week periods following hearings for the submission of additional comments,
- Direct mailings of Notices to a wide range of interested groups,
- Easy access to draft documents (hard copies and on-line) and hearing transcripts,
- Accommodation of special needs participation through sign-language interpreters and interpreters for Spanish-speaking constituents, and
- Holding hearings at convenient times and in barrier-free facilities that are easily accessible by public transportation.

The Director and senior DHCD staff members are present at public hearings to take the direct testimony, answer questions on the District's housing and community development needs, and receive comments on DHCD's program performance for prior periods as well as for the current year. The submission of written testimony for the record is encouraged, and Public Hearing records are kept open for at least 2 weeks after the hearing for the receipt of post-hearing written testimony. A court reporter provides written transcripts within 2 weeks of the date of the Public Hearing, and a record of the Public Hearing, including the written transcript, is made available for public viewing at DHCD. When preparing the final Consolidated Plan, DHCD will include a summary of the comments and views received from citizens orally and in writing at the Public Hearing, as well as a response to any comments not accepted.

Moreover, DHCD will provide citizens, public agencies and other interested parties with reasonable and timely access to information and records relating to the District's Consolidated Plan and its use of assistance under the programs covered under the Consolidated Plan during the preceding five years. Requests may be made to the DHCD Public Information Specialist at (202) 442-7200.

### **Hearing Notification**

DHCD promotes attendance at the hearings, particularly for low- and moderate-income citizens and citizen groups located in blighted areas of the city in which DHCD entitlement grant program funds are directed. The Public Hearings are announced through the publication of a Public Hearing Notice, containing the date, time, location, and subject matter of the Public Hearing.

Advertisement of the Public Notice is placed at least 2 weeks prior to the hearings in the D.C. Register, and in various media outlets that reach different population and interest groups. These media outlets include **a daily newspaper in general circulation (such as The Washington Post) and other publications that reach different language groups, neighborhoods, minority populations and other special interest populations. (Examples of such publications would include: the Afro-American and El Tiempo.)** No fewer than 500 copies of the Public Hearing Notices are distributed by direct mail to various constituent groups and individuals, including all Advisory Neighborhood Commissions, public housing resident councils, civic associations, nonprofit developers, organizations

supporting special needs populations, church groups, and community based organizations. Additionally, DHCD has contractual relationships with specific community based organizations (CBOs) that have a responsibility to distribute information regarding DHCD's entitlement grant programs and to review the information with citizens.

### **"Needs Assessment" Public Hearing**

In the first quarter of each fiscal year, DHCD conducts a series of public hearings on "Housing and Community Development Needs in the District of Columbia." Testimony is solicited from the public on a variety of issues, including community development, commercial revitalization, job creation through DHCD-funded projects, home ownership, housing rehabilitation, housing production, fair housing, lead paint hazards, and displacement issues resulting from DHCD development activities. Citizens are also invited to express their views on DHCD's administration of the Consolidated Plan entitlement grant programs and its performance in achieving the Consolidated Plan's goals and objectives as stated in the annual performance report, the *Consolidated Annual Performance and Evaluation Report (CAPER)*.

### **Draft Proposed Consolidated Plan**

After conducting the "Needs Assessment" hearings, DHCD prepares a draft Consolidated Plan for the upcoming Fiscal Year.

The draft Consolidated Plan includes estimated federal entitlement grant amounts, community development objectives, projected budgets and performance measures for implementing programs, a description of the processes DHCD utilizes to receive proposals for funding, certification of the District's plan to minimize displacement and assist in relocation in compliance with the federal and local regulations, and descriptions of other proposed District housing and/or community development activities. DHCD also includes estimates of appropriated, local funds, and the Housing Production Trust Fund (HPTF) in its draft document to provide the public with a complete picture of its potential sources and uses of funds. In preparing the draft Consolidated Plan, DHCD considers all statements, testimony, and proposals regarding expenditure of federal entitlement grant funds that have been provided up to that point in the development process. A summary of the comments from the public at the Needs Hearings are included in the Draft Consolidated Plan along with a discussion of any comments not incorporated into the Plan. The public is given 30 days to provide written comments on the Plan to DHCD.

### **"Budget" Public Hearing**

DHCD conducts a "Budget" Public Hearing on the proposed Consolidated Plan when the District's budget process has clarified local funding, usually in the months of March-April of a given fiscal year. Copies of the draft proposed Consolidated Plan are made available no less than two weeks prior to the "Budget" Public Hearing in accordance with the Notification and outreach processes outlined previously in this CPP. At the "Budget" Public Hearing, citizens are given the opportunity to present oral and written testimony on the programmatic and budgetary provisions of the published draft proposed Consolidated Plan. Senior DHCD staff responds to comments and make referrals as needed. There is a court reporter present and a transcript of the proceedings is prepared and made available at DHCD. All public and special needs' access provisions cited for the "Needs Assessment" hearing apply equally to the "Budget" Public Hearing. The submission of written testimony for the record is encouraged,

and the Public Hearing record is kept open for at least 2 weeks after the hearing for the receipt of post-hearing written testimony. The total comment period on the draft proposed Consolidated Plan at this phase is no less than 30 days.

### **Submitting the Consolidated Plan to HUD**

After approval of the proposed Consolidated Plan by the Mayor the Department submits the Plan to the Department of Housing and Urban Development's (HUD) Washington Field Office by the August 15<sup>th</sup> deadline. Copies of the approved plan are distributed to stakeholders.

### **Technical Assistance**

The Department makes federal and local funds available for new and rehabilitated housing proposals and community-development projects and services through a public Notice of Funding (NOFA). DHCD's Development Finance Division (DFD) issues a Request for Proposals (RFP) for development proposals serving low-moderate-income residents, and the Residential and Community Services Division (RCS) issues a Request for Applications (RFA) for neighborhood-based services. Both Divisions can provide technical assistance to organizations that request it.

During the RFP process for development proposals, the Development Finance Division (DFD) conducts a Pre-Proposal Conference and two community outreach meetings to give organizations opportunities to ask questions and obtain assistance in preparing RFP project submissions. In addition, DFD maintains an RFP telephone hotline and an RFP e-mail address to allow organizations to continue to ask questions and receive assistance on an ongoing basis throughout the RFP process. The RFP requires that development proposals for existing and occupied buildings minimize displacement and provide a strategy and funding to meet temporary or permanent relocation needs in compliance with the types and levels of assistance in the URA (for federally-funded projects) or in Title 10 of the DC Code (for HPTF-funded projects).

During the RFA process for funding neighborhood services activities, the Residential and Community Services Division (RCS) conducts a Pre-Application Conference, usually within the first two weeks of the application cycle. At the Conference, RCS staff members provide a walk-thru of the entire application process, and also answer any specific questions from prospective applicants. RCS keeps a record of all those who receive the RFA throughout the application cycle, in order that any amendments to the application process can be quickly communicated to all potential applicants.

DHCD also supports direct technical assistance for low-and-moderate-income residents and groups through neighborhood-based housing counseling agencies and community development organizations.

The purpose of the assistance is to make DHCD programs and funds accessible to low-moderate-income residents.

These services include:

- Assisting renters to understand their options under the "first right to purchase" program when a building is being sold so they can access seed loans and rehabilitation loans to exercise their rights to purchase their units;

- Providing program intake and technical assistance for applicants for first-time home owner loans, including assistance to organize financial and other required program documentation;
- Assisting tenants in expiring Section 8 properties to understand their rights and to offer relocation assistance as needed,
- Assisting new home owners to remain owners by assistance in home management, budgeting, credit, and mortgage payments, and
- Assisting small, neighborhood-serving businesses with technical assistance in areas such as: business start-up, maintaining an existing business, or improving the business and its environment.

### **Substantial Amendments to the Consolidated Plan**

The federal Consolidated Plan regulations require the inclusion of specific criteria in the Citizen Participation Plan for determining what constitutes a change in programmatic activity significant enough to be classified as a "Substantial Amendment" to the Consolidated Plan. A change in federal rules or regulations that mandates an alteration in current programmatic operations would not be considered a substantive amendment, but rather a conforming regulatory requirement. Changes deemed "Substantial Amendments" must be subjected to citizen review and comment before implementation.

The following criteria are used to determine whether a programmatic change constitutes a Substantial Amendment to the Consolidated Plan:

- A change which results in a major alteration of the purpose, location, or beneficiaries of a DHCD operational program; or
- A change in the allocation of the distribution of program funds greater than 25 percent of the federal entitlement grants included in DHCD's fiscal year budget (CDBG, HOME, and ESG).

District law (D.C. Code § 5-902) requires that DHCD "provide citizens a full and meaningful opportunity to participate in the planning, development and evaluation of the annual Community Development Program *and any amendments or modifications thereto.*" (Emphasis added.) District law further requires that the public must be notified of a Substantial Amendment, and at least two public hearings must be held to obtain the views of citizens on the proposed change.

The procedures cited for notice and access during the Consolidated Plan development process are applied in the case of any Substantial Amendment to the Plan.

Notice of a Proposed Substantial Amendment, including a description of the nature and the actual language of the amendment, is published in the D.C Register and in various citywide media sources, including, but not limited to, ***a daily newspaper in general circulation (such as The Washington Post) and other publications that reach different language groups, neighborhoods, minority populations and other special interest populations. (Examples such publications would include: the Afro-American and El Tiempo.)*** A solicitation of public comment, including information on the two public hearings that will be held, is included in the notice. A period of not less than 30 days is allowed to receive responses from the public on a proposed Substantial Amendment. A period of at least 2 weeks notice is given for the two public hearings.

The proposed final Consolidated Plan Substantial Amendment (incorporating any revisions or discussions resulting from the public comment process), are transmitted to the Mayor.

### **Minor Amendments:**

District law (D.C. Code § 5-902) allows DHCD to make "minor" amendments to the Consolidated Plan. A minor amendment is an amendment that is of less magnitude than a "substantial" amendment, but of greater significance than a "technical" amendment, which can be undertaken at the discretion of the agency.

### **A minor amendment would NOT result in:**

- A major alteration of the purpose, location, or beneficiaries of a DHCD operational program; or
- A change in the allocation of the distribution of program funds greater than 25 percent of the federal entitlement grants included in DHCD's fiscal year budget (CDBG, HOME, and ESG).

A minor amendment to the Consolidated Plan, consistent with the intent of the approved program, must be submitted to the Mayor. The minor amendment is deemed approved if the Mayor does not disapprove the amendment within 30 days (not including Saturdays, Sundays, legal holidays).

### **Annual Performance Report (CAPER)**

Within 90 days after the close of DHCD's Fiscal Year (September 30<sup>th</sup>), HUD regulations require the Department to submit a performance report, *the Consolidated Annual Performance and Evaluation Report (CAPER)*. The CAPER provides HUD with necessary information to assess whether DHCD carried out its programs in compliance with applicable regulations and requirements, and as stated in that year's Consolidated Plan. The CAPER also provides a vehicle for DHCD to describe its program achievements to District citizens.

At least 2 weeks prior to submission to HUD, the CAPER is made available to the public for review and comment, following the Notice and distribution procedures cited earlier. Notice of the availability of the CAPER for comment and review is published in the D.C. Register and in ***a daily newspaper in general circulation (such as The Washington Post) and other publications that reach different language groups, neighborhoods, minority populations and other special interest populations. (Examples in 2006 of such publications would include: the Afro-American and El Tiempo.)*** No less than a 15-day review period is provided for the draft CAPER. DHCD also accepts comments on the prior-year's performance at the annual Consolidated Action Plan "Needs Assessments" Hearings.

The final CAPER is submitted to HUD by December 31st, with an addendum that summarizes any public comments received and the agency's response to the public comments in adopting its final CAPER report. Copies of the report submitted to HUD are made available by DHCD for review by the public upon request.

### **Complaints and Grievances**

DHCD will provide written responses to written complaints and grievances received regarding any aspect of the annual Consolidated Plan federal entitlement grant program within 15 working days, where practicable, of receiving the complaint or grievance.

Comments, complaints, and grievances concerning the Consolidated Plan should be addressed to the Director, Leila Finucane Edmonds, Department of Housing and Community Development, 1800 Martin Luther King Jr., Avenue, SE, Washington, DC 20020, to the attention of Alan Bray, Community Planner.

#### **Amendment of the Citizen Participation Plan**

Notice of a proposed amendment to the Citizen Participation Plan (CPP), including a description of the nature, as well as the actual language, of the proposed amendment, is published in the D.C. Register and in ***a daily newspaper in general circulation (such as The Washington Post) and other publications that reach different language groups, neighborhoods, minority populations and other special interest populations. (Examples of such publications would include: the Afro-American and El Tiempo.)*** A solicitation of public comment is included in the Notice, and a period of not less than 30 days is allowed to receive responses from the public on a proposed amendment before such amendment is implemented by DHCD. The final Citizen Participation Plan amendment, as adopted by DHCD after due consideration of public comments, is published in the *D.C. Register*. The *D.C. Register* notice will also provide an addendum that summarizes the public comments received and the agency's response to the thrust of the public comments in adopting its final amendment. The final Citizen Participation Plan amendment will be deemed adopted upon publication in the *D.C. Register*.

- Need more housing for ex-offenders.  
*DHCD Response* DHCD's funding targets many residents that are categorized as "special needs" residents – and ex-offenders can be categorized in this fashion Additionally, DHCD ensures that fair housing laws are not violated when residents seek places to live, and this applies to ex-offenders as well Overall, DHCD supports the provision of housing for ex-offenders, and encourages its development partners to market available units to ex-offenders seeking out housing in the District as well.
- The current requirement for living in a home purchased with DHCD funds is too long People have growing families and may need to upgrade to a larger home.  
*DHCD Response* The affordability covenants required by the U S. Department of Housing and Urban Development (HUD) mandate that DHCD maintain the affordability of the specific housing units over a given timeframe This is a requirement of the funds used to develop affordable housing in the District, and as a result, homebuyers must abide by these regulations in order to remaining compliant with the specific funding source
- Waiting list of public housing is very long  
*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D C Housing Authority (DCHA) to help make available low-income housing units for residents presently on the public housing waiting list In the future, as DHCD continues to partner with DCHA, a greater number of low-income housing units will be made available so that those District residents awaiting housing will have the opportunity to find decent, safe, and affordable housing in the District

**1800 Martin Luther King Jr. Ave, SE, Housing Resource Center**

- Long public housing waiting list, people on list for 10 years and if they move during that time, they don't receive notice when accepted, so they miss out.  
*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D.C Housing Authority (DCHA) to help make available low-income housing units for residents presently on the public housing waiting list. In the future, as DHCD continues to partner with

DCHA, a greater number of low-income housing units will be made available, so that those District residents awaiting housing will have the opportunity to find decent, safe, and affordable housing in the District.

- Concerns about quality of DCHA's customer service  
*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD works to ensure a high level of customer service across all of its program areas
- Public Housing should have better recreational facilities like in the 1970s.  
*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D C Housing Authority (DCHA) in order to make low-income housing units available to residents presently on the public housing waiting list. High-quality recreational facilities for property residents use is typically available within these multifamily developments.
- Need to help people prevent foreclosures, particularly those people who aren't in trouble yet, but will be soon. Suggest expansive communication effort to raise awareness of issue.  
*DHCD Response* DHCD has increased its efforts in foreclosure prevention awareness. In FY2010, DHCD made \$1.2 million available to housing counseling providers to provide foreclosure prevention, mitigation and counseling to DC residents. This level of funding is expected to increase in FY 2011. In addition, for the past two years, we have held the DC Housing Expo and Foreclosure Clinic, that provided on-site foreclosure counseling and education to attendees. About 2,000 people attended these events. We have also conducted community foreclosure clinics in DC neighborhoods that have high foreclosure rates, and we provide foreclosure information and resources on our web site.
- Currently limited supportive housing and wrap-around services (case management, mental health, and substance abuse issues) for LGBT population. Effects HIV/AIDS rate, which is already too high in DC.  
*DHCD Response* The HIV/AIDS, Hepatitis, STD and TB Administration (HAHSTA) of the DC Department of Health administers the formula grant funding provided to the District under the HOPWA grant.
- Applaud HPAP program. Attention to Ward 8 is good, but even more attention needed. Development in Ward 8 can't lead to pushing current residents out.  
*DHCD Response* DHCD's HPAP Program funded 48 loans in Ward 8 in FY 2009. In FY 2010, HPAP is projected to fund 75 loans in that Ward. The Department is committed to making HPAP funds available in Ward 8 and throughout the city.
- Feel local workers not being used on publicly financed projects  
*DHCD Response* DHCD, as a recipient of Federal and local housing and community development funds, is committed to providing opportunities for employment on projects that we fund, as required under Section 3 of the Housing and Urban Development Act of 1968. Section 3 requires that recipients of the HUD funds, to the greatest extent possible, provide job training, employment, and contract opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods. Section 3 is applicable to all projects and activities funded, in part or in whole, with DHCD funds for projects exceeding \$200,000.
- Concerned about lack of jobs for DC residents, especially black youth.

*DHCD Response* Within any project funded via DHCD funds, steps are taken to ensure that low-to-moderate income District residents are given the opportunity to access job opportunities related to construction, as new projects are built and/or rehabilitated. See above comments on the Section 3 program.

- Need more public housing and more affordable housing

*DHCD Response* Over the last 5 years, DHCD has provided over \$500 million to finance the creation and preservation of affordable housing across the District through its multifamily development finance activities. As funds are available, DHCD will continue to finance the development of new affordable housing units at a similar pace.

- Concerned that Barry Farms public housing is to be closed.

*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D C Housing Authority (DCHA) in the preservation of affordable housing. Barry Farms is part of a “New Community,” but further inquiries about Barry Farm should be directed to DCHA.

- Too many low and moderate income residents can’t find affordable housing

*DHCD Response* DCHousingSearch.org is available to assist residents in locating affordable housing. This online housing locator can be accessed via the internet, and can also be accessed by visiting the DHCD Housing Resource Center, located at 1800 Martin Luther King, Jr. Avenue SE. Over the last 5 years, DHCD has provided over \$500 million to finance the creation and preservation of affordable housing across the District through its multifamily development finance activities. As funds are available, DHCD will continue to finance the development of new affordable housing units at a similar pace.

- Need to better advertise public hearings and use more creative methods

*DHCD Response* Public hearings are advertised and promoted to the public using a variety of methods. Hearing notices are placed in the DC Register, as well as published in mainstream local newspapers, including the Washington Times, and community newspapers, such as HillRag and East of the River. Notices are sent via email to DHCD’s extensive database of contacts and notices are distributed to approximately 60 community list-serves. The notice is also available on DHCD’s website. This year, we also conducted an online survey to further gain public opinion on DHCD’s Consolidated Plan.

**October 28, 2009, 6:30 PM**

**Marshall Heights Community Development Organization, 3939 Benning Rd, NE**

- Need more housing for all residents living with sexually transmitted diseases (not just those with HIV/AIDS). Might be best to have one building for that population that also provides wrap-around services.

*DHCD Response* The HIV/AIDS, Hepatitis, STD and TB Administration (HAHSTA) of the DC Department of Health administers the formula grant funding provided to the District under the HOPWA grant. In addition, DHCD manages the Shelter Plus Care (S+C) Program, which is designed to provide housing and supportive services on a long-term basis for homeless persons with disabilities--primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immunodeficiency syndrome (AIDS) or related diseases, and

their families who are living in places not intended for human habitation (e.g., streets) or in emergency shelters

- Developments should include community development space, including space and housing for artists, which are essential to the DC economy.

*DHCD Response* DHCD has provided financing for a number of artist live-work spaces – most recently the Brookland Artspace project. DHCD will provide a total of \$3.1 million in development financing and \$1 million in Low Income Housing Tax Credits to fund the construction of 42 affordable artist live-work spaces in the Brookland neighborhood of Ward 5. Upon construction completion, this \$12 million project will be another example of DHCD playing a key role in the development of affordable artist live-work housing in the District.

- Projects at Nannie Helen Burroughs and Minnesota Avenues should include funding for small business owners. We have new facades, but now need interiors and programming.

*DHCD Response* In FY 2010, DHCD made appropriated local funds available for business interior improvements. Several of our Community-Based Organizations took advantage of these funds and are working with local businesses to make the necessary improvements.

- Housing Counselor: Need to maintain funding for mortgage default intervention, huge increase in numbers last year; more housing counseling is needed in Ward 7.

*DHCD Response* In FY2010, DHCD made \$1.2 million available to housing counseling providers that also provide foreclosure prevention, mitigation and counseling to DC residents. This level of funding is expected to increase in FY 2011.

- Will new census affect mapping of HUD Development Zones or affect DHCD's plan?

*DHCD Response* DHCD funds projects that will benefit low and moderate income residents, based on household income, which is independent of development zones. More specifically, for the next five-year period, DHCD will target, in order of priority:

a) Projects that are already in the pipeline and tie into a regional vision of sustainability, projects that are of high priority and develop coordination with other District agencies,

b) Areas of the city that are in general poverty and in need of development and revitalization, and

c) The entire city to achieve economic integration of subsidized housing by providing mixed-income housing or by locating affordable housing in areas undergoing rapid gentrification.

- Better coordination between DHCD and DCHA is needed, especially regarding rent supplements for future development projects.

*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D.C. Housing Authority (DCHA) in order to help make available low-income housing units for residents presently on the public housing waiting list. In the future, as DHCD continues to partner with DCHA, a greater number of low-income housing units will be made available, so the Department will coordinate with the rental supplement programs of DCHA so that low-to-moderate income residents can afford to reside in the District of

Columbia. DHCD works closely with its housing partners in the District, including the DC Housing Authority, the DC Housing Finance Agency, the Department of Mental Health, the Department of Human Services, the Office of the Deputy Mayor for Planning and Economic Development, and others so that we can best utilize limited funding for the creation and preservation of affordable housing

- DHCD should encourage development companies to create meaningful community partnerships

*DHCD Response* DHCD works with its developers to ensure that the community is involved and has the opportunity to provide feedback on projects

- Most families being evicted due to unemployment. Other causes include lack of education, substance abuse, mental health issues We need more homeless shelters to help serve these populations.

*DHCD Response* Currently, the District of Columbia, through DHCD and DHS, provides wrap-around services to meet the needs of individuals and families to address issues of surrounding homelessness Specifically, DHCD and DHS offers the Homelessness Rapid Re-housing Program (HRRP), which seeks to prevent individuals from becoming homeless; the Rapid Re-Housing Program places those individuals who have become homeless

**November 19, 2009, 6:30 PM**

**Reeves Center, 2000 14<sup>th</sup> St, NW, 1<sup>st</sup> Floor Conference Room**

- Increase funding for HPAP program, microloans, and foreclosure prevention services  
*DHCD Response* Despite the real estate market crisis in the nation and the District, the District Government remains committed to funding the HPAP program to meet the real estate demand In addition, DHCD made \$1.2 million available to housing counseling providers that also provide foreclosure prevention, mitigation and counseling to DC residents This level of funding is expected to increase in FY 2011

- LEDC LEDC helped tenants this past year and should be funded at same level as last year

*DHCD Response* DHCD continues to fund LEDC at historic levels for its many programs that assist District residents In FY 2011, LEDC's funding level is expected to remain the same

- Need more long-term secure housing for people living with HIV/AIDS, DCHA should be made to publicly report on number of people on waiting list for public housing that would use HOPWA funds Stable housing is key to people living with HIV/AIDS—can get healthy and will make less risky choices

*DHCD Response* The HIV/AIDS, Hepatitis, STD and TB Administration (HAHSTA) of the DC Department of Health administers the formula grant funding provided to the District under the HOPWA grant

- Economically sustainable communities equally as important as affordable housing. This includes business development, job creation and training, and more money for façade/interior improvements

*DHCD Response* DHCD's Neighborhood Based Activities Program has funded the small business technical assistance program with \$1.7 million in FY 2010. This level of funding will remain in FY 2011 In FY 2010 DHCD made appropriated local funds available for business interior improvements Several of our Community Based

Organizations took advantage of these funds and are working with local business to make the necessary improvements. DHCD has also made available \$1.5 million in FY 2010 for Storefront Façade Improvement.

- Increase funding for CHDOs, CDBG, ESG and HOPWA. Should also revise applications for CHDOs to make easier, including using an “apply when ready” system as opposed to RFPs.

*DHCD Response.* DHCD receives entitlement grants from the US Department of Housing and Urban Development (HUD) as well as the local Housing Production Trust Fund to support the agencies affordable housing efforts. Funding from these sources has decreased over the past several years. However, DHCD has worked diligently to do more with less and effectively utilize limited funding to further the creation and preservation of affordable housing.

- DHCD should work with local financial community to update RFP process, revise SAFI and bring back Land Acquisition for Housing Development Opportunities.  
*DHCD Response.* DHCD adjusts its Request for Proposals process in accordance with funding availability on a fiscal year basis. Thus, as funds in the Department’s budget are made available, DHCD adjusts the timing of subsequent Requests for Proposals. In regards to the Site Acquisition Funding Initiative (SAFI), DHCD is conducting a program review in order to determine the manner in which to best adjust the program in accordance with changing real estate market conditions. In regards to the Land Acquisition for Housing Development Opportunities (LAHDO) program, DHCD is reviewing the best strategy in which to pair aspects of the LAHDO program with the forthcoming multifamily tax abatement program for fiscal year 2011. Overall, the coordination of these three initiatives provides DHCD with additional alternatives to support our service as a catalyst for affordable housing development in the District of Columbia.

- Support Home Purchase Assistance Program (HPAP), and NBO (Neighborhood-Based Organizations) grants.

*DHCD Response.* In FY 2010, the HPAP Program was funded with more than \$16.5 million dollars and the Neighborhood Based Organizations were funded with approximately \$7.5 million. The projected funding level of HPAP and NBO’s in FY 2011 is expected to remain the same.

- Increase coordination with DHCD, Department of Human Services (DHS), and DC Housing Authority (DCHA)

*DHCD Response.* DHCD works closely with its housing partners in the District, including the DC Housing Authority, the DC Housing Finance Agency, the Department of Mental Health, the Department of Human Services, the Office of the Deputy Mayor for Planning and Economic Development, and others so that we can best utilize limited funding for the creation and preservation of affordable housing.

- Strengthen the Continuum of Care (CoC), particularly the transition from homelessness to homeownership.

*DHCD Response.* DHCD is implementing the Homelessness Prevention and Rapid Re-housing Program (HPRP) along with the DC Department of Human Services (DHS). HPRP is designed to serve two eligible populations: persons who are still housed but are at risk of becoming homeless, and persons who are already homeless. HPRP does not, however, provide long term or permanent housing supports. The

anticipation is that those who are afforded the opportunity to participate in the HPRP Program can transition from homelessness to sustainable living conditions whether rental, homeownership, or otherwise. Resources will be targeted for those who are most at risk of homelessness or with barriers to housing, and who are committed to independently sustaining housing after the subsidy ends

- Want to see reporting system to keep stakeholders informed.  
*DHCD Response* Stakeholders are encouraged to visit [track dc gov](http://track.dc.gov) to learn about the Department's performance. Information on DHCD programs and services is also available on DHCD's website, [dhcd.dc.gov](http://dhcd.dc.gov).
- Support programs for transitional housing for women in drug/alcohol treatment  
*DHCD Response* DHCD manages the Shelter Plus Care (S+C) Program, which provides support for transitional housing for persons who may have issues associated with drug/alcohol treatment. The program is designed to provide housing and supportive services on a long-term basis for homeless persons with disabilities--primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immunodeficiency syndrome (AIDS) or related diseases--and their families who are living in places not intended for human habitation (e.g., streets) or in emergency shelters
- Help people know rights, especially elderly and Latinos, investigate code violations more often  
*DHCD Response* DHCD's Single Family Residential Rehabilitation Program assists low and moderate-income residents with addressing health, safety and building code violations. This program assists the District's Latino population as well as the Senior Population
- DCHA waiting lists are inexcusably long, support Section 8 and (Tenant Opportunity to Purchase Act) TOPA to help  
*DHCD Response* While DHCD does not administer the public housing units in the District of Columbia, DHCD does coordinate with the D.C. Housing Authority (DCHA) to help make available low-income housing units for residents presently on the public housing waiting list. In the future, as DHCD continues to partner with DCHA, a greater number of low-income housing units will be made available. DHCD will be sure to coordinate with the rental supplement programs of DCHA so that low-to-moderate income residents can afford to reside in the District of Columbia
- Support small businesses on Georgia Ave.  
*DHCD Response* DHCD's Neighborhood Based Activities Program has funded the small business technical assistance program with \$1.7 million in FY 2010. This level of funding will remain in FY 2011. In addition, DHCD has funded several Storefront Façade Improvement projects along the Georgia Avenue corridor

2. **ONLINE SURVEY:** In addition to the Needs Hearings in the community, DHCD also conducted an online survey of community members to hear their opinions on priority needs relative to housing and community development. Survey results can be found in Appendix F.

3. **CITIZEN COMMENTS ON THE FIRST DRAFT**

Two comments were received in response to DHCD's Five Year Consolidated Plan – First Draft, March 2010. The comments and DHCD responses are summarized below

1). DC Language Access Coalition (DCLAC), letter dated 4/22/2010: In this letter, DCLAC requests that data on primary household language and demographics on the District's African immigrant community in DC is added to the Plan.

*DHCD Response* Data on primary household language is not available in much detail. The Census reports on a category, "Language other than English spoken at home, pct age 5+, 2000." There is information on the specific language spoken at home but the categories include Spanish, Asian and Pacific Island, and Other Indo-European languages. There is no separate accounting for French or Amharic languages. Regarding the African immigrant demographics, a new section has been added to the Plan under the General Questions/Demographic Profile section. This section entitled "Foreign-Born" includes demographic data on this population in the District including African-born residents. Although there is a sizable African-born population of 114,000 in the Washington metropolitan area, about 16,000 reside in the District and 60 percent live in Prince George's and Montgomery counties in Maryland.

2) Capital Philanthropy Group (CPG), letter dated 4/29/2010. The CPG requests that the community development activities in the Plan include utilization of the HUD Section 108 Loan Guarantee Program as a funding resource.

*DHCD Response* As mentioned in the Plan, Section 108 loan guarantees remain a tool in the economic development toolkit of the District. However, at this time, DHCD does not foresee using this program for loan guarantees in the near future. In the current economic climate with shrinking entitlements, the potential for reduced future CDBG funding (as a result of the Section 108 program) would result in a lessened ability for the District to meet its affordable housing and community development goals. Within this framework, funding for non-profit organizations in the District is a priority for DHCD, and is translated through direct housing development, façade improvement and small business technical assistance – all of which are great economic development drivers in the District.

#### **4 CITIZEN COMMENTS ON THE SECOND DRAFT**

Two comments were received in response to the second draft of DHCD's Five Year Consolidated Plan that was published in May 2010. The comments and DHCD responses are summarized below:

1. Manna DC, email dated 7/12/2010. Strongly encourages DHCD to adopt reasonable affordability restrictions in the current Consolidated Plan and 2011 Action Plan through the use of a subsidy recapture method, HOME funds should not be treated differently in subsidizing the HPAP program versus the developer-assisted programs managed by DHCD's Development Finance Division (DFD).

*DHCD Response* DHCD welcomes the input of all our partners as we work to strike the right balance between competing priorities. DHCD has a range of programs, both operational and regulatory, and a range of products within these programs that respond to the continuum of housing needs in the District of Columbia. By setting out priority objectives for each division, focusing on creating the necessary products to address specific needs and then matching eligible resources, DHCD has been able to achieve great scale and success in impact. For example, DHCD uses HOME funds along with several other federal and local resources to finance affordable housing transactions through DFD, where expertise in the highly complex arena of affordable housing and community facility financing has been developed and institutionalized. The major priority for this Division is the production and preservation of affordable housing units, in essence building and preserving the affordable housing stock of the District. In contrast, DHCD also uses HOME funds, along with several other federal and local resources, to catalyze and subsidize critical investments in individual and community stabilization and revitalization in its Residential and Community Services Division, where expertise is developed and institutionalized in the very different, but equally complex area of managing grant programs that target education, subsidies and services to individuals at all stages of life, as well as to small business that make up the fabric of a livable neighborhood. The major priority for this division is the revitalization of underserved communities in the District of Columbia.

## **2. Public Hearing: June 3, 2010 6:00 PM**

### **DHCD's Housing Resource Center, 1800 Martin Luther King Jr. Avenue, SE**

Robert Pohlman, Executive Director, CNHED stated that the full range of housing options are needed to prevent displacement and provide decent affordable housing in DC through a comprehensive focus on homelessness, supportive housing, and additional funding for the Housing Production Trust Fund.

*DHCD Response* The primary objective of DHCD's community development strategy is to enhance the sustainability of the District within the regional context and holistically complete the fabric of existing neighborhoods. The Consolidated Plan incorporates the DC Strategic Action Plan to End Homelessness that was recently adopted by the Interagency Council on Homelessness (ICH), and DHCD continues to work closely with the Department of Human Services and the ICH. In addition, DHCD's Director, Leila Edmonds, is co-chair of a production subcommittee for permanent supportive housing.

## **APPENDIX F: CITIZEN PARTICIPATION – SURVEY RESULTS**

The District administered a survey soliciting residents' comments and views on District housing and community development. The survey was posted on DHCD's main homepage and also sent to community stakeholders. In total, 62 respondents participated in the survey, which yielded rich data on the needs and priorities of District residents.

### ***KEY RESULTS***

District residents want:

- Housing with more than 2 bedrooms;
- Rental assistance and affordable housing for low to moderate income residents;
- Information and help on making their homes more energy efficient;
- Economic development opportunities (i.e. job creation and retention);
- Services offering vocational training.

District residents are concerned with:

- Homeless needs including social services and housing;
- Blight issues within the District.
