Re: *Sua Sponte* Review of BZA Order No. 16566-F–Georgetown University Campus Plan 2000-2010

Dear Chairperson Mitten:

The Foggy Bottom Association is aware that the above-cited Order became effective when it was served on June 7, 2005. The FBA is also aware that this extremely troubling decision of the BZA in the GU campus plan remand case is open for possible review by the Zoning Commission. As long-time participants in the George Washington University Campus Plan process and one of the many communities deeply affected—for the most part, very negatively—by university development, we request that the ZC undertake this mission.

Virtually gutting the campus plan process and stripping protections we have all relied on as the principal line of defense for residential communities, the BZA decision must not be allowed to prevail. In addition, as we are sure that you recognize, the potential negative impact of this decision and Order goes beyond campus plans to other orders concerning special exceptions.

Please feel free to contact me at (202)-296-8647 or via e-mail (rtc888888@hotmail.com) if you have any questions.

Sincerely,

Ron Cocome
President
