Citydogclub is truly wonderful for daycare or grooming (I have not tried out overnight stays for my dog) The staff are genuinely caring, the facilities seem quite clean and well taken care of, the pricing is fine (certainly not the cheapest but not incredibly expensive), you can monitor your dog with their webcam, and they have plenty of free parking Love this place

My dog Ripley loves it here She truly is a Citydog! Ruby and the staff are super nice and love what they're doing I love the fact that I can watch my dog online if need be and the space is very clean Love bringing my dog here and she loves it too

1/14/14 - Grace M., Los Angeles, CA

I feel at ease when I bring my dog to citydog! They are very clean, very friendly, and they really take care of all the dogs that stay here for boarding and daycare You will get the best deal if you buy a package, otherwise paying regular price is very expensive

For new clients, they have a very thorough screening process to make sure that your dog will fit in well with other dogs I think that this is great because no one wants their dogs to be in danger if there's a skiddish dog that doesn't get along with others They have 4 playrooms and they put your dog in on of the playrooms that best fits their temperament They also have webcams for every play room so you can see what they are doing throughout the day There is always someone monitoring each room at all times

The workers there are always so friendly and very enthusiastic about their jobs, so you know they love what they do, and they aren't just putting in time

I love that my dog comes back dead tired whenever she comes here for daycamp

After taking my Pom to a whole bunch of different groomers, I have finally found the perfect safe place for my Pom Pom Jamie is the person who always grooms my dog and she is the best Usually I'm a little worried when I drop him off but with Jamie I feel 100% comfortable This place is amazing and I am always happy when I pick up my puppy They are clean, professional and their staff is friendly and super helpful

He LOVES the staff and I love being able to watch him on the webcam. The staff knows and cares about the dogs, so we are pleased and happy with CityDog! **We appreciate the cleanliness, too!**

City Dog Club is by far the BEST doggy day care that I have sent my dog to. My dog Riley has been going to City Dog club several times a week for about a year. Every time we pull up he gets so excited! Everyone at City Dog Club is friendly and all love dogs! It's **extremely clean inside, cleaner than any other day care** I have ever been to. I travel often and I only trust City Dog Club to watch Riley for me. I call regularly when he boards there just to ask how he is doing and they give me a full report. All in all when I pick my Riley up from day care and bring him home he falls asleep within 20 minutes and then the snoring starts which means he had an awesome day!

Thank you City Dog Club!

11/29/13 - Rebecca B , Venice, CA

Best smelling dog boarding place ever! We boarded our terrier Dixie at the LA location over the Thanksgiving weekend. Liked the doggie cam though it was a little jerky with stop/start delay. She came home really tired because of all the social interaction, but seemed happy. The staff is tops. I would definitely bring Dixie back when the need arises.

ABSOLUTELY CLEAN

I just got back from a meet and greet, that is required of you and your dog prior to entering the facilities, and it was a very pleasant experience. The employees are friendly, knowledgeable, and seem to genuinely care for and love dogs (sadly cannot say the same for some other places). The facility is **spot clean and doesn't wreak like urine, feces, or even really dog for that matter. They have an excellent air ventilation system in place, and tend to accidents and other messes right away.** They have different play spaces for not only dogs of different sizes, but for different energy levels as well. That was extremely important to me as I have a 5lb timid Yorkie who gets anxious in large energetic packs.

The types of dog food, treats, toys, pet care products that they have on their shelves also represent them well. I am a very ingredient conscious pet parent, and didn't see one thing that I would feed my dog. In fact, along with a few other items, I purchased a sample bag of the Orijen dog food that they have on their website. The ingredients are excellent, and I am excited to see how it works out.

I'll be boarding my dog here for a week at the end of the week, and I have to say, I feel very relieved after having visited and toured the facility. I will have an update post pickup! But so far, so good!

11/8/13 - Brian F , Culver City, CA

We LOVE Citydog! And by "we" I mean my fiance and I along with our 8 month old pup. The staff is crazy friendly, play areas are huge, place is always **very clean** & the atmosphere is great.

Rocco, the general manager at the WLA location, is always very attentive & made specific references to our dog and how the staff loved her

We feel comfortable leaving our dog there knowing she is in great hands, she is excited to go in and crashes when she gets home from all the fun she had throughout the day

Go here, your dog with thank you!

10/12/13 - Savanna K , Los Angeles, CA

Great staff! Friendly, informative, trustworthy, & knowledgeable Great facility as well! **Super clean, stink-free**, top of the line grooming tools & supplies I felt really comfortable leaving my frenchie for a bath & doggy day care Definitely coming back for both grooming & doggy day care!

10/10/13 - Louis T , North Hollywood, CA

This place is amazing for all dogs which means it's amazing for us dog owners! I work out across the street at Alliance Training Center, doing Krav Maga and CrossFit for a few hours a couple times a week I live in North Hollywood, so I don't want to leave my dog home alone that whole time He ABSOLUTELY LOVES CityDog Club

Everyone there is super friendly and loves what they do They're all friendly with the dogs (and us humans, too!) One of my workout buddies came over one time when I got my bulldog, and she remarked, **"Wow! This place smells awesome in here....This is nicer than where my niece goes to play!" And that's true. You would expect an indoor playground for dogs to smell like, well, "dog." But it's very fresh smelling and super clean. Even around the outside. There's no droppings and the staff is constantly cleaning**

For the play time, there's always a staff member monitoring the doggies while they play The "park" is arranged into two halves One for big dogs and one for small dogs They can also divide each half if they have a need to divide "playful" dogs with passive ones

Obviously, I love the place My dog, however, ABSOLUTELY LOVES CityDog! Every time I say, "puppy play time?" he starts getting excited because he knows he's going to see the friendly gang and playful pups

I can't thank them enough for the great fun they allow my bulldoggy to have while his daddy is working to stay healthy and fit We BOTH get our exercise then sleep all day afterwards hahaha)

10/9/13 - Pony B , Los Angeles, CA

I love this place because its **CLEAN** and the people work there seems to really enjoy working with dogs **I have visited many places around town and NONE has been this clean**

The facility is still new so let's hope they keep it up My dog loves going here for his play day and grooming--it's a good sign!

9/15/13 - Montgomery I , Beverly Hills, CA

I take my dog here a few times a week for the play park and also for grooming

I LOVE LOVE LOVE this place! I feel 100% comfortable when I bring my dog here (not to mention he gets SO excited every time we pull into the parking lot)

They are very thorough when it comes to the health and wellness of the animals. The first day I took my dog in for grooming, I was asked to fill out a 4-5 history page (which I loved). It is so reassuring to know that all of the dogs are taken care of and up to date on their shots etc.

The place is very clean and well kept. The staff are great, each and every one of them!!

Love CityDog West La!

9/12/13 - Amy T., Culver City, CA

My 7 & 8 year old Jack Russell Terriers have never been to a doggie daycare before. We have just bought a house and are doing some major renovations. The new location and noise have made them a bit anxious, so I decided to check this place out. **It is SUPER CLEAN and the staff is AMAZING.**

I am so glad they passed their "meet and greet" and even left them for a few hours the same day. The prices seem super reasonable and the handlers really know what they are doing. My younger one is super skiddish but after a while felt comfortable there.

And Rocco the manager is fantastic. He really knows how to put an owner at ease. This is the first time they have been left with anyone besides family and somehow I am not worried one bit. They treat them so well, but also recognize their needs as dogs.

Love this place!

9/6/13 - Elliot L., Santa Monica, CA

This place was great!

Our yorkie/shitzu mix was a little timid around other dogs. Leaving him here for 5 nights while we were out of town, we felt like we were enrolling him in a doggie transformational retreat.

He's now come home happier than we've ever seen him, and he is more comfortable around other dogs than we've ever seen him.

The staff was great, **the place is clean**, and they seem to take great care of the little guys. I think the price is pretty reasonable too.

9/6/13 - Tristan K., Los Angeles, CA

I love City Dog!

My lab mix dog Chloe is a dog who can run for hours without getting tired. Everyday even after miles of hiking she can still keep going. We finally tried taking her to City Dog. After a full day at city dog she was wiped! It was great to take her home and watch her pass out for the night. If you have an extremely hyper dog I would suggest giving this place a shot.

The facility is extremely clean and smells lovely. There are private webcams for the owners.

to login and check up on the dogs. The staff all seem to love the pups. They offer boarding and grooming.

I give this place 5 Stars

9/6/13 – Douglas S , Los Angeles, CA

Being the parents of an over-friendly monster puppy, my fiancé and I were certainly very careful in selecting her daycare. We are extremely pleased with our choice. Citydog! Club in WLA.

There are really two items that stand out with Citydog! First and foremost, we love the people. From our very first phone call to our morning meetings, everyone seems to love and care for all dogs. We've had to make a few special requests in the past and they have been more than accommodating.

The second item that differentiates Citydog! is really the cleanliness. Keeping multiple dogs in check is very difficult, but the facility is extremely clean and that is no small accomplishment.

8/30/13 – Amy K , Santa Monica, CA

They took very good care of our Bichon Poodle Stella for an overnight stay! **The facility is very well maintained**, the staff is beyond friendly and I am confident my dog's safety is their top priority.

Making a reservation is very easy. When we had our baby at UCLA they let us bring Stella in last minute. We were so grateful for their above and beyond customer service and kindness!

8/23/13 – Natalie D , Los Angeles, CA

Five stars for Citydog Club! The staff is really friendly and always remembers my dog's name. **The place is really spacious and clean. I've been to a handful of different doggie daycares and sometimes they just stink of dog pee. Not Citydog Club. This place always smells clean.** I love that they have webcams so you can spy on your pup. I've also gotten him groomed here, and they did a fantastic job. The best part is my dog loves it here. He gets so excited when we walk in. That's definitely a good sign. I highly recommend this place!

8/13/13 – Alisa S , San Diego, CA

Thank you Citydog! My husband and I came to LA for 24 hours as guests on a TV show and we brought our two dogs. My boy has terrible separation anxiety and so boarding him is always stressful on him and I. In addition, I haven't seen my dogs for three months so the anxiety was worse than normal. We brought JD and Jersey for their meet-and-greet and they passed! We dropped them off all day the next day while we were on air, and the staff did a great job helping him overcome his anxiety.

This place is very clean, and I loved that they let us see how JD was doing through the one-way glass and the web camera application. All the rooms have a human supervisor to watch the dogs, and they pair them up with dog their sizes. Highly recommend this place! Thank you guys! If we're back in LA, we'll definitely be using you again.

7/29/13 – Roderick J , Los Angeles, CA

I thought my boxer would never loss his energy, 1 visit here and both me and my dog are in love with this place he comes home happy and tired and I can relax the rest of the evening Nothing better then a good doggy day care for a Boxer with lots of energy

Price is great, **facility is super clean** and my dog cant help to pee on his self when he knows we are going You have to go once in your dogs life time lol

7/15/13 – Jessica G , Los Angeles, CA

I started taking my puppy Winston to Citydog! Club when he was 4 months old He started out a little timid, but almost 3 months later he has now become very socialized and absolutely loves going to "play!" He has been boarded several times and there has never been a problem--I never have to worry about while I'm away I always come home to a very happy (and sleepy) pup!

Overall, **the place is super clean.** The dogs are extremely well looked after Everyone is very professional and very helpful whenever anyone walks in the door or even on the phone The prices are very comparable to other places in the area and having the webcam feature is an added bonus!

The grooming services have been amazing! Jamie is excellent and Winston always looks great after a haircut!! I can't imagine finding a better groomer!

Unfortunately for us, we are moving away and the Citydog! Club is a very hard act to follow! Winston will miss everyone VERY much!

6/3/13 – Arlene U , West Hollywood, CA

My dog Kasha goes to Citydog in Culver City She loves it **Place is beautiful, clean** and everyone is great!!!!

5/31/13 – Ami T , West Los Angeles, CA

Since we just got Brody, we hadn't found a go to doggy daycare specifically for times when we are away overnight or for a whole day We found the valupak coupon and thought we would give a day in the play park a chance

This place is sooo clean and cute! Brody had his meet and greet first to make sure he wasn't aggressive, etc and also had all of his vaccinations reviewed The staff was all very friendly and seemed to really like their jobs for the most part

I got to watch him periodically on the webcam which made my separation anxiety better He looked so happy all day When we picked him up he barely wanted to go home and looked so happy and tired He also smelled good! And he looked like he had been brushed It was amazing! We will definitely be coming back soon!

5/22/13 – Angie D , Los Angeles, CA

I've been bringing my dog Ace there for a few months now and we love it! The staff is super nice, their **facility is extremely CLEAN, it smells nice when you walk in, not like a kennel** During my first visit, the staff gave me a full tour and I even met the owner Their prices are the best that I have seen \$20 for 5 hours/\$35 for a full day! A dog walker charges \$25 for a 45

minute walk, so for a full day (7am-9pm) you can't lose. And they're open 7 days a week till 9pm!!! Whenever I pick up my dog he is so exhausted from playing that he immediately goes to sleep when we get home. I also love that they have a webcam so you can see what your pooch is up to. They are also very active on Facebook and I love when they post pics of the dogs. I've boarded him there as well and the best thing is the noon next day pick-up. My last daycare charged you another full day if you didn't pick-up your dog by 9am. I also like that they don't overcrowd their space with tons of dogs. I've seen many places that have tons of dogs, which makes it harder for the staff to keep track of them.

Can't say enough about this place! Love Ruth, she remembers me and my dog whenever we go in. If you live in the Culver City area and are looking for a place where your dog can play in a safe, clean environment, then this is the place!

5/19/13 - Kyle T., Los Angeles, CA

This place is awesome! We've brought our dog here a few times now and he loves it. Usually he whines when we have to leave him for a bit, but here he can't wait to just go and play. The price is good, the place is clean, and the staff is really friendly.

5/15/13 - RJ M., Marian Del Rey, CA

We left our dog - a 10 month old pit mix rescue - for 5 nights at Citydog in Culver City, based on recommendations from our dog trainer, Yelp, and others.

This was a big deal because 1) we had just rescued him a few months before, and 2) we had never left him with someone else for more than a few hours at a time.

Well, from the initial "meet and greet" that the owner and his staff do before you even drop your dog to assess temperament, give your dog and you a tour, etc, everything was first class. We felt comfortable immediately. This is truly the anti-kennel ... everything sparkles, the people are friendly, etc.

When we picked our little dude up, we could tell he was equal parts happy to see us and wishing he could stay longer. And one of the cool side effects of letting him socialize with other dogs (which he doesn't get to do much of at home) is that he seems a lot calmer around other dogs in general. We will definitely be using Citydog not only for boarding but for day care as well.

Highly recommended

4/27/13 - Dani P., Los Angeles, CA

We have been taking our pup Frankie here for about 7 months or so. What can I say? I love Citydog!

For a quick background, I always made fun of people who were overly obsessed with their dogs. However, I wanted a dog for the longest, and wanted to wait until I had enough time to care for one. Well, when we finally got our little guy, I quickly became one of these embarrassing people, obsessing over his every hair. (Its ok, you can make fun of me if you want to)

Citydog is the only place we take our little dude too, when we are working longer hours, or need to go out of town, so he doesn't have to be cooped up at our house alone. They treat him with so much love, and everyone here remembers the dogs names, their behaviors, etc.

The place is also very fun, clean, and chic for a dog play place Our dog always comes home smelling suprisingly clean as well He comes home tired and happy

Also, we have had him groomed here a few times The groomer is so cute and fun She definitely plays with the dogs and gives them lots of affection, you can tell she really enjoys what she does Our little guy is always happy to see her and enjoys the grooming process here

Thanks so much Citydog!

4/22/13 – Rachael S , Los Angeles, CA

I was waiting until my dog chester had been here a few times before leaving a review, and I am happy to say this place absolutely deserves 5 stars

1) **the venue is CLEAN!!!!**

2) the staff is very professional, and they actually love dogs and are happy to be working here

3) the grooming facility is fantastic and the prices are very reasonable and comparable to places like petco, and I think the dogs get a better groom here, too

4) the daycare and overnight boarding prices are very reasonable considering how CLEAN this place is \$20 for a half day, \$35 for a full day, and \$50 for overnight - this is absolutely fair and honest pricing

5) **did i mention it's clean????? :)**

I will never take my dog anywhere else ever again

4/18/13 – Caitlin R , Venice, CA

These guys are great We adopted our first pup and once she was old enough to go to daycare, we spent some time asking around and found this place **Clean**, responsible, amazing staff and immediately put our worries at ease There is always a handler in the pen with the pups and **they are extremely clean** My dog cannot wait to walk through those doors and comes out exhausted and as one happy pup Highly recommend Ask for Rocco the best

4/9/13 – Angie C , Burbank, CA

I am so pleased that I found this place!! I recently adopted a Labrador retriever from the shelter She is quite the playful pup I immediately knew I was going to have to start a search for a doggie day care I called a few places and set up a few appointments to look at different facilities Let me save you some time and say look no further because you found the best!!

This place has it all!! The staff is very kind, and inviting They are open and they don't have a snobby attitude Very warm and comforting to know your dog is in safe welcoming hands all day! Some more things I loved

- **Clean, Clean, Clean :)**

- Safe, all animals are checked for temperament and vaccinations The staff is also certified in pet CPR

- They have web cams to check on your dog at any time of the day!!

- Modern and up to date, so much so your pets watch their favorite pet stars on tv while they play)

- Price, for the area and service, it's less expensive than the others

- Also they have grooming which you can schedule so your dog plays all day and you pick them up shiny clean!!!

~Molly gives her friends at CityDog! 2 paws up!! She didn't want to leave when I picked her up!! She slept all the way home!!!

It's a great feeling as a pet parent to know your dog is happy and safe while your busy!!!

3/22/13 - Randi R. , Los Angeles, CA

I spent 2 years looking for a doggy club I have a small dog and would never leave him anywhere that big dogs could intimidate him, where staff members ignore him or in a dirty dark building I couldn't believe it when I found Citydog! **The building is beautiful, clean and inviting.** The staff is amazing Ruth and Jessica treat Biggs as if he was their own dog He is happy to go in and tired and happy when he goes home If there were 10 stars, I would give it to them The best and only place for us!

3/21/13 - Gina B. , Los Angeles, CA

Immaculate facility. VERY Clean, state of the art! I have been using the Citydog Club in WLA for daycare, grooming and boarding for my dogs since their grand opening The staff is extremely nice, knowledgeable and very helpful especially Rocco and their top groomer, Jamee

I have tested several daycare, boarding facilities in the area and the Citydog Club by far prevails They have webcam access to check on your dogs throughout the day, they require all dogs to be up to date with medical records, the dogs are taken for daily walks, the play park is steamed a couple times a day and there is an attendant in the play park which has dog safe toys, dog apparatuses, dog loungers, and an adorable, trendy dog house at all times

Not to mention my dogs absolutely LOVE going and get very excited when arriving to the facility They are exhausted and tired by the time they get home

I'm very satisfied with their services and would definitely recommend Citydog Club to anyone that has a dog/pup/family member that only deserves the BEST!

3/12/13 - Kristy M. , Los Angeles, CA

My dog Schmendrick is shy around new people and places, but I felt very comfortable leaving him in their hands The meet and greet they offer is a great way to get a feel for the space and to see exactly where your dog will be spending his time

I was really impressed by how clean everything was, the personal attention they were giving each dog, the play areas had lots of different stations for play, sleep, etc , and of course it's great to be able to pull up a webcam and check in on the pups The prices do add up (at least on my budget), but I think that it's a great example of "you get what you pay for"

If you are thinking about any doggie daycare stop by and take a look around I have a feeling you will be just as impressed Also if you see a little red wiener dog running around, say hi to Schmendrick for me!

3/1/13 - Nikki Y. , Los Angeles, CA

are dog skipper has been here since it opened
the staff is always so nice and greet skipper as soon as he RUNS in
i feel they really care about the dogs and its so very clean and the dogs are pre screened for aggression

So, yesterday I tried out Citydog's Play Park services. My little Joey Bear just decided last week that it is time to chew up everything he can get his little mouth on while mom is at work. What? He's been a little angel for the first 11 1/2 months of his life and now I've got a little devil on my hands. He is just going through some growing pains as I hear from other parents, so I thought I'd try out the Play Park as a possible part time option to get him a little more activity during the day. And, I am so happy I did.

Some of the features I like are

--I love the hours that the Play Park operates - 7am - 9pm. So I can take him in before work and also not feel pressured (with this LA traffic) to pick him up by 5pm. I have time to leisurely collect him after work. This place is all of 5 minutes from home but 5 minutes in this neighborhood can take 40!!

--Webcam access to check in on my little one throughout the day. Love this! I will say, I'd like to see this feature upgraded somewhat. The screen is approximately 3" and would love a full screen option with a clear zoom.)

--Attendees are in the play areas continuously so no need to worry if a fight breaks out or something like that.

--Clean, clean, clean!

2/11/13 - Katie S. , Los Angeles, CA

Regal (the beagle) and I love Citydog! Club. I started several new projects at work resulting in longer hours and was worried about my best friend staying home alone all day. I pass Citydog! on my daily commute and decided this might be a great option for Regal. The staff are friendly and very caring (they know you and your dog by name)! The facility is always clean. Regal starts howling when we are approaching Citydog! and is so excited to play with friends. I am so much more at ease during the day knowing my little gal is being taken care of and having fun! They also have a webcam, so you can check in on your pet during the day. I highly recommend Citydog! to anyone looking for a safe, friendly, and clean place for your dog to play while you're away.

2/11/13 - N E. , Los Angeles, CA

We've tried several doggy day cares in the West LA area, going as far as places near The Grove. I wish it didn't take us so long to discover Citydog! Club.

The facility is clean, the staff is friendly, they know Bella's name after only a few times there. They have a web cam so you can check in to see how your pup is doing. They also have great hours so I don't have to rush out of work before things are done in order to pick my dog up before closing. I can finish what I need to do at work and still get there in time.

What's impressive was the evaluation they conduct with each and every dog before they are admitted. This puts me at ease to know that Bella won't be put in a room with dogs that are aggressive. At another day care facility, every time I looked on the web cam, there would be a dog humping another. This even happened at another high end, expensive day care, that I will not name, which is suppose to be high end and have your dog's best interest at heart. Don't know about you, but I prefer to NOT have my dog dominated by other dogs that way when they are suppose to be having fun in day care.

So far, I have NOT seen dogs humping one another at CityDog! Club because there is always someone in their play park and they aren't just sitting there not paying attention to the dogs. Their attendants, or "pack leaders", interact and pay attention to the dogs there. The people working at CityDog care about your pet.

The hidden gem of CityDog is their groomer, Jamie. She is amazing! Bella looks beautiful after a day at the spa there and Jamie gives us helpful tips on things we can do for Bella help with keeping allergens off her fur.

This place is perfection

2/8/13 - Courtney P., Holly Park, CA

I was so happy to find a new place for my pup! The staff are friendly and actually remember talking to you in the past. **The facility is bright, airy, and clean**. Plenty of big windows allow daylight in so doggies get much needed sunlight. Prices are great - boarding includes a walk! I've used the facility a few times and am happy to say my doggie has a new home away from home! I was so glad they set up shop in Culver City! Definitely respect and value the customer!

11/17/12 - Elina K., Los Angeles, CA

This place is AMAZING!!! **Besides being so gorgeous, clean, and contemporary inside, they do an amazing job caring for your "kids".** There is no place I ever felt comfortable leaving my dogs until I entered the Citydog! Club. The employees there all LOVE dogs and give them so much attention while they are there. Every dog looked so happy and comfortable. They also have fantastic grooming services, and sell great organic treats. If you are looking for a place to leave your beloved fur baby, then look no further. The Citydog! Club is the best!

11/1/12 - Rachel G., Studio City, CA

I first tried out Citydog! Club because they are super close to my job and they have extended hours which makes them very convenient for me. However, there are about a million other reasons I keep taking my dog, Norman, there. The most obvious thing I love about Citydog! is the staff who have always been friendly and warm. I have never once questioned their dedication to their job because it's so clear that they really care about the dogs they are watching. **As an added bonus, the place is immaculate and Norman always comes home smelling fresh and clean.** I'm so glad I found Citydog! Club, and so is Norman!

10/10/12 - Chassity A., Van Nuys, CA

City Dog is by far, THE BEST!!!!!! I love my dogs, they are my family and I wouldn't allow just anyone to groom them. Kelli Jackson, has been a part of our family for some time now and she treats my pets like they are her own. I knew when Kelli decided to go to City Dog, that they would be the best. Kelli Jackson and City Dog, go hand and hand, PURE CUSTOMER.

SATISFACTION The facility is so nice and clean, all of the staff is professional They make you feel that when you leave your pets with them, that they truly will take care of them and love them Thanks so much Kelli Jackson and City Dog

"Hello My City Dog Friends - Just a quick note to say that Bentley had yet another fantastic time with everyone Thank you for the extra hugs and cuddles he receives, for the walks and for the wonderful styling today Super Job! After four days in your sleep over camp, when I picked him up today, he looked content, relaxed and like the little "King" he is Again, thank you for taking such good care of my precious little boy, and while away, it was great fun for me to watch him on the web cam It's wonderful to be able to go away but yet still feel in touch by being able to see how our pups are doing Your exceptional and friendly service makes all the difference in the world! I can't say it often enough - Truly - Thank you, thank you, thank you!" — Warmly, Helma Christiane Bloomberg, Bentley's Mom

"Citydog! Club is the most fabulous place I would not trust my Shiba, Inuk to be anywhere else The caretakers are wonderful and the Club is always sparkling and clean The dogs are always are happy and it was a great way to socialize our dogs, as Inuk is going to be 13 and is a mommy's boy and Falco is a large German Shep pup, the caretakers do an amazing job at working with all the furry friends and family members, big or small " — Inuk Shea Spencer
