

Dear Members of the Board of Zoning Adjustment:

I urge your approval of BZA Application No. 18702, which seeks approval to permit dog daycare, boarding, grooming and retail shop uses on the ground floor of the View 14 building located at 2303 14th Street, NW. It is my understanding that Citydog! Club proposes to operate a full-service club for dogs offering dog daycare, boarding, grooming and a retail shop at the premise. Further, it is my understanding that Citydog! Club operates a transparent environment with a substantial effort focused on noise mitigation, waste management, odor control and overall cleanliness. Given these measures to control noise and odor, I believe that the proposed use will not be a nuisance, but instead the proposed establishment will be a welcomed amenity for the View 14 residents and the people who live and work in the area. Based on the foregoing, I encourage the Board's support of BZA Application No. 18702.
