Re: Case Numbers: 05-28B & 0528C

Good morning Chairman Hood, I am a tax paying citizen of Washington DC. Taxation without representation seems to be the very essence why I am writing to you today. I am a proud homeowner of Ward 7, and would like nothing more than to see a thriving investment of productive, revenue generating, adequate main street businesses poured into this beautiful community where I reside.

What was recently thrashed upon this community deeply concerns me regarding the building plans for; Parkside Development in NE Washington DC. I would appreciate it, if YOU would enforce the affiliated Developers in this project, i.e.... (LANO Corporation, City Interest and DCPCA) to hold a public hearing for the surrounding communities in Ward 7, regarding the "new proposed "changes as it relate to the original PUD introduce in 2006. I would personally welcome any up scaled proposed changes to the community that would attract a more diverse class of patrons. What is currently being proposed is not necessarily in the best interest of our community. Please allow the people in this community who will be affected the most to be heard and decide what is best for our community in which we reside.

Please don't hesitate to contact me regarding this matter. I can be reached at 202-398-2979. Thank you in advance.
