RE: Petition of Support for ZC Case No. 05-28C and 05-28E

We, the undersigned, are residents living in ANC 7D07 in the Parkside neighborhood who wish to express our support for the development at Parkside. CityInterests presented to our community on February 24, 2011 about their plans and we believe that the additions of the Community College of DC and a health care clinic, as well as increased height and square footage for office space will bring many benefits to residents. These include much-needed educational and job opportunities, as well as the encouragement of neighborhood-serving retail, crime deterrence, and greater daytime and evening use in our community.

For these reasons, we wish that this petition of support be entered in to the Zoning application for CityInterests case numbers 05-28C and 05-28E. Thank you.
