RE: ZC Application #05-33, Text Amendments to Create §§ 3202.8 – 3202.11

Dear Chairperson Mitten:

At its regularly scheduled meeting on November 16, 2005, the Foggy Bottom and West End Advisory Neighborhood Commission (Commission or ANC 2A) considered Zoning Commission Case #05-33, proposed text amendments to create §§ 3202.8 – 3202.11 to define building permit notice provisions for Advisory Neighborhood Commissions. With five of six commissioners in attendance, a quorum at a duly called public meeting, the following motion was unanimously approved:

> The Foggy Bottom and West End Advisory Neighborhood Commission supports Zoning Commission Case #05-33, proposed text amendments to create §§ 3202.8 – 3202.11 to define building permit notice provisions for Advisory Neighborhood Commissions.

The Commission supports the draft text amendments developed and submitted by Advisory Neighborhood Commission 3D. These draft sections define a process to notify Advisory Neighborhood Commissions of building permits and provides an opportunity for meaningful comment. Though Advisory Neighborhood Commission notice for these types of permits is required under DC Code, notice is inconsistent at best and provides no meaningful process for identifying issues and concerns under the great weight provisions accorded to Commissions. We applaud the efforts of Advisory Neighborhood Commission 3D to develop these draft amendments.

I will serve as the Commission's representative on this matter. Please feel free to contact me on (202) 607-8429 or by email at anc2a@earthlink.net for additional information.

ON BEHALF OF THE COMMISSION:

Sincerely,

Vince Micone
