FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. Z.C. Case No. 06-14B (MidAtlantic Realty Partners, LLC – Modification to PUD at New York and Florida Avenues, N.E.)

THIS CASE IS OF INTEREST TO ANC 5C

On May 17, 2010, the Office of Zoning received an application from MidAtlantic Realty Partners, LLC, on behalf of G9 MRP Washington Gateway, LLC, which has since sold its portion of the subject property to CK MRP Washington Gateway, LLC; the District of Columbia and the Washington Metropolitan Area Transit Authority (collectively the "Applicant"). The Applicant is requesting approval of a modification to an approved planned unit development ("PUD"). The Office of Planning provided its report to the Zoning Commission, dated July 16, 2010, and the case was set down for hearing by the Zoning Commission on July 16, 2010. The Applicant provided its prehearing statement on December 21, 2010.

The subject property consists of approximately 134,665 square feet of land area. The PUD site consists of Lots 23, 811, 812, and 813 in Square 3584. These vacant parcels are located east of the intersection of New York and Florida Avenues, N.E., and are zoned C-3-C.

By Z.C. Order No. 06-14, dated February 12, 2007, effective June 29, 2007, the Zoning Commission approved the consolidated PUD consisting of approximately 601,896 square feet of commercial use (office/retail); approximately 229,690 square feet of residential multi-family use; and approximately 120,443 square feet of hotel use. The residential and hotel uses are proposed in one building with the residential multi-family portion containing 230 to 270 apartment units and the hotel portion of the building containing 140 to 195 hotel rooms and a 2,000 square foot meeting space. Of the residential gross floor area, 6.2% is dedicated for residential recreation space and 8% is devoted for persons whose income does not exceed 80% of the area median income. The minimum parking requirements for the PUD are .6 parking space per each dwelling unit; .25 parking spaces per hotel room, plus one parking space for every 300 square feet in the largest function or exhibit space of the hotel; and 1 per 1800 square feet of office use.

Pursuant to Z.C. Order No. 06-14B, dated June 8, 2009, the Zoning Commission granted a two-year extension of the PUD approval to June 29, 2011, and extended the date for construction of the PUD to commence to June 29, 2012.

The Applicant now seeks a modification to the PUD in order to have the option of (a) constructing and operating the approved residential/hotel building, or (b) eliminating the hotel component of the building and constructing and operating a single apartment building with approximately 346,405 square feet of gross floor area, which includes approximately 5,000 square feet of ground floor retail, and a maximum of 430 dwelling units. Under this proposed option, the building height will remain at 130 feet, but the portion of the building that was originally intended for the hotel use would have one less story. Also, the percentage of affordable housing will remain at 8%. The proposed option of a single apartment building generates a need for 40 more parking spaces, which will be provided for within the project. No changes are proposed to the approved office building.

As a matter of right, property in the C-3-C Zone District can be developed with a maximum density of 6.5 FAR, all of which may be used for residential, office, retail, hotel, or other permitted uses, and a maximum lot occupancy of 100%. The maximum permitted building height in the C-3-C Zone District is 90 feet.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.
