As one of the founding principals of OCULUS, Don is a landscape architect and urban designer with over 30 years of experience and has been responsible for more than forty built projects. He has extensive experience in the design, management, and implementation of a wide range of design and planning projects.

Don has received numerous awards and recognition for his projects and design work. His responsibilities have included leading public workshops and design charrettes, programming, setting project direction and tone of design, managing production of contract documents, and administration of construction. He is registered in Maryland and Virginia, and holds a BS in Landscape Architecture from Pennsylvania State University. Don is a hands-on principal involved with every aspect of each and all design projects from start to finish.
