Dear Chairman Mitten:

I am writing in support of Zoning Commission Case 07-17 for the review and approval of four temporary parking lots within the Southeast Federal Center site as anticipated by the provisions of the Southeast Federal Center Overlay District. Approval of these lots will support the District's effort to ensure adequate parking near the new ballpark when it opens in April, 2008.

Parking at these locations, along with the other lots expected in the area around the ballpark, will be a key element of controlling the traffic that is expected on game days. These lots are part of the overall traffic plan being developed by the DC Sports and Entertainment Commission in coordination with the Washington Nationals. This plan relies on public transportation as the primary mode for patrons traveling to the new ballpark. However, parking facilities are also required to meet the demand of the remaining fans that will drive to the games. The temporary lots at the Southeast Federal Center are an essential part of the plan to meet this demand.

Thank you for your consideration of this zoning amendment and its quick approval.

Sincerely,

Neil O. Albert
Deputy Mayor
