FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 07-20 (Map and Text Amendments to zone Kingman and Heritage Islands, and accommodate construction of a public nature education center on Kingman Island)

THIS CASE IS OF INTEREST TO ANC 7D

On July 20, 2007, the Office of Zoning received a petition filed by the Office of Planning on behalf of the Anacostia Waterfront Corporation. The petition requested the Zoning Commission consider zoning Kingman and Heritage Islands, islands located in the Anacostia River that are currently unzoned, in the W-0 Zone District. The petition further requested text amendments to amend §§ 2101, 2200, 938 and add a new § 930.5, to accommodate the development of a public nature education center on Kingman Island.

The Zoning Commission set down the case for public hearing at its meeting of July 30, 2007.

In summary, the proposed text amendments would:

- exempt the proposed Kingman Island public nature center from the parking and loading requirements of §§ 2101.1 and 2200.1;
- exempt the public nature center from the waterfront setback requirement of § 938.2; and
- exempt the public nature center from the roof structure setback requirement of § 930.3 (b).

The proposed amendments to the Zoning Map and Zoning Regulations are as follows (new text is shown as bold and underlined):

A. The Zoning Map is amended by including Kingman and Heritage Islands in the W-0 Zone District.
