Re: Application of the President & Directors of Georgetown College (the "Applicant") for Special Exception Approval for Further Processing of and Amendment to an Approved Campus Plan and Related Relief

Dear Ms. Schellin:

Please accept for filing the enclosed application for special exception approval for further processing of and an amendment to the Georgetown University Campus Plan. The proposed further processing application seeks permission to construct a new Science Center ("NSC") building, modify the approved Multi-Sports Facility ("MSF"), and construct a new Athletic Training Facility ("ATF"). In conjunction with the proposed further processing applications, Georgetown seeks a campus plan amendment to reallocate density from the MSF and other projects approved under the Campus Plan to the ATF project. In addition, in order to accommodate the design features of the NSC's mechanical penthouse, the Applicant seeks a special exception to locate the rooftop structure within the required setback from the exterior walls and a variance in order to exceed the height limit for roof structures.

The application package includes the following materials:

1. Completed application form;
2. Completed self-certification form;
3. Surveyor's plat;
4. Letter of authorization;
5. Statement of existing and intended use;
6. Names and addresses of persons within 200 feet of the subject property
7. Preliminary statement of the applicant;
8. Plans/elevations/sections of the proposed NSC, modifications to the MSF, and proposed ATF;
9. Zoning Commission and BZA Orders in support of the requested relief; and
10. Check payable to the D.C. Treasurer in the amount of \$7,500.00
