Subject: I Support Changes to DC's Parking Regulations

Dear Zoning Commission,

RE: Case No. 08-06-2

I support the proposed changes to DC's parking regulations. At this time of rising gas prices and concern about climate change, it's important we plan for a more walkable, vibrant, and affordable DC.

I want to make sure that DC continues to encourage walking, cycling, and metro use as opposed to driving! It will help our city become healthier (healthier air and healthier bodies).

Please vote to support the changes proposed by Office of Planning, including:

- removing parking minimums for all housing and some commercial uses
- implementing parking maximums where appropriate
- requiring larger buildings to include bicycle parking
- encouraging car sharing (i.e. Zipcar),
- allowing shared parking, and
- charging developers who want to build excess parking.

Sincerely,  
Olivia Hussey

Dear Zoning Commission,

RE: Case No. 08-06-2

I support the proposed changes to DC's parking regulations. In this time of rising gas prices and concern about climate change, it's important we plan for a more walkable, vibrant, and affordable DC.

This is an opportunity to ensure our city grows to be even more walkable while encouraging more cycling and transit use, improving air quality, and reducing traffic congestion.

Please vote to support the changes proposed by Office of Planning, including:

- removing parking minimums for all housing and some commercial uses
- implementing parking maximums where appropriate
- requiring larger buildings to include bicycle parking

Dear Zoning Commission,

RE: Case No. 08-06-2

I support the proposed changes to DC's parking regulations. In this time of rising gas prices and concern about climate change, it's important we plan for a more walkable, vibrant, and affordable DC.

I live on Capitol Hill and have made the wise choice not to own a car. I hope you will support DC's Parking regulations. This is an opportunity to ensure our city grows to be even more walkable while encouraging more cycling and transit use, improving air quality, and reducing traffic congestion.

Please vote to support the changes proposed by Office of Planning, including:
