Zoning Commission

Subject: I Support Changes to DC's Parking Regulations

Dear Zoning Commission,

I support the proposed changes to DC's parking regulations. In this time of rising gas prices and concern about climate change, it's important we plan for a more walkable, vibrant, and affordable DC.

This is an opportunity to ensure our city grows to be even more walkable while encouraging more cycling and transit use, improving air quality, and reducing traffic congestion.

Please vote to support the changes proposed by Office of Planning, including:

- removing parking minimums for all housing and some commercial uses
- implementing parking maximums where appropriate
- requiring larger buildings to include bicycle parking
- encouraging car sharing (i.e. Zipcar),
- allowing shared parking, and
- charging developers who want to build excess parking.

Sincerely,
Fritz von Fleckenstein

Subject: I Support Changes to DC's Parking Regulations

Dear Zoning Commission,

RE: Case No. 08-06-2

I support the proposed changes to DC's parking regulations. In this time of rising gas prices and concern about climate change, it's important we plan for a more walkable, vibrant, and affordable DC.

This is an opportunity to ensure our city grows to be even more walkable while encouraging more cycling and transit use, improving air quality, and reducing traffic congestion.

Please vote to support the changes proposed by Office of Planning, including:

- removing parking minimums for all housing and some commercial uses
- implementing parking maximums where appropriate
- requiring larger buildings to include bicycle parking
- encouraging car sharing (i.e. Zipcar),
- allowing shared parking, and
- charging developers who want to build excess parking.

Sincerely,
Jessica Warren
