RE: Zoning Commission Case 08-06-2
Proposed Amendments to the Parking Regulations 11 DCMR

OPPOSITION TO PROPOSED PARKING REGULATIONS:

It is hard to believe that this proposal is being seriously considered. The "magical thinking" behind this proposal seems to be that if there is inadequate parking, then residents and visitors will suddenly find that they can do all of their traveling on Metro and buses. This simply has no basis in reality.

The reason for minimum parking requirements is to protect residential neighborhoods from spillover parking. Please count me in opposition to these changes in the regulations.
