

Zoning Commission
District of Columbia
September 25, 2015

Chairman Hood and Commissioners:

As a Ward 5 resident, who spent much time advocating for reform in the R-4 zones to protect the character of DC's historic rowhouse neighborhoods and the quality of life of its residents, I urge you to ensure that the progress that has been made to bring the zoning regulations in line with the goals of the Comprehensive Plan, is not undone. Please incorporate the updated R-4 zoning regulations into the proposed text of the Zoning Regulations Review.

Thank you for honoring the time and effort that we - the Commission, Offices of Planning and Zoning, ANCs, and individual citizens - have expended on this effort.

Betsy McDaniel
Ward 5
