Dear Zoning Commission:

As we near the final stages of the zoning regulations rewrite process, the Woodley Park Community Association wants to ensure that our strong support for Auxiliary dwelling units or Auxiliary accessory apartments.

You will find attached testimony that I presented in 2013 as well as the initial letter that President Bill Menczer submitted in 2012. We would ask that this be added to the record for comments.

Thank you for your service to our community!

Sincerely yours,
