RE:Late Filing SUPPLEMENTAL FILING REQUEST EXCEPTION for Title 11
section 3013.1

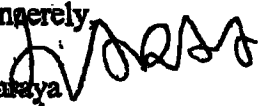

Case # 08-11

To the ZONING COMMISSION:

I would like to kindly request a late supplemental filing for Title 11 section 3013.1
This information is vital to my case.

Sincerely,

H. Araya

Mr. Araya,

Yes, the colors used on the future land use map accurately depict the intent of future development throughout the city. Through the collaboration of a working group that was pulled together for the purposes of the Comprehensive Plan update, the land uses identified are in line with the vision for each Ward within the City. Feel free to contact me with any further questions as they relate to either Ward 7 or 8. Thanks.

Subject: hi

Evelyn,

Hope you are having a wonderful holidays. I am very impressed with the work that you have done with FUTURE LAND MAP OF DC. In your opinion, how accurate is the color codes (blue, pink, orange, red etc.)? I think the color codes you have done is amazingly accurate, say within 1-2ft +/-.

Do you think the colors accurately describes your intentions? I think it does.

Congratulation on great job done.

H. Araya, MD
