Subject: RE: East Elevation - Option C

Dear Buwa, Jeff & Kinley:

Based upon the revisions reflected on the most recent submission, DDOT believes the east elevation dimensions will suffice (Option C, A4.2, Apr 26, 2010).
DDOT is still interested to fully review the south elevation and the requested 2' projection as discussed at the meeting earlier today with agency staff.

Thank you for allowing DDOT to review the public space projections in the public alley as seen in the modified version submitted earlier today.

Regards

Jeff
