**RE: George Washington University's Mount Vernon Campus Plan**

Dear Chairman Hood:

At the Zoning Commission hearing at which the GW Mt. Vernon Campus Plan was last discussed, I understand you instructed ANC3D to meet with George Washington University to determine whether the student cap issue could be resolved between the two parties. Please be advised that such a meeting will take place this evening and that we will report to you promptly following that meeting.

Thank you.

Sincerely,

Elizabeth B. Sandza  
Chair, ANC3D
