Re: Request to Re-open Record in Zoning Commission Case No. 10-07

Dear Chairman Hood:

Pursuant to Section 3024.5 of the Zoning Regulations, I hereby request that the Commission re-open the record in the above-referenced case. Because of the unusual circumstances of this case whereby the proposed rulemaking was published at the same time that the emergency rulemaking was published, there was no opportunity to comment on the proposed rulemaking between proposed action and final action. Therefore, I request that the record be re-opened to accept additional comments on the proposed amendments before the Commission's final action on July 26, 2010. My comments highlight potential complications with the proposed amendments and offer minor additional changes to the proposed amendments that will fully resolve these issues.

My comments are included in a separate accompanying letter should you re-open the record.

Sincerely,

Allison C. Prince
