ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA

ZONING COMMISSION ORDER NO. 10-17

Z.C. Case No. 10-17

**(National Restaurant Association – Amendment to the Zoning Map
@ Square 160, Lot 809)**

November 29, 2010

The Zoning Commission for the District of Columbia (the “Commission”), pursuant to its authority under § 1 of the Zoning Act of 1938, approved June 20, 1938 (52 Stat. 787, D.C. Official Code § 6-641.01), and § 102 of Title 11 of the District of Columbia Municipal Regulations (“DCMR”), having held a public hearing to consider the application from the National Restaurant Association (the “Applicant”), and referred the proposed amendments to the National Capital Planning Commission (“NCPC”) for a 30-day review pursuant to § 492 of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 774; D.C. Official Code § 6-641.02) (“District Charter”), hereby gives notice of its adoption of an amendment to the Zoning Map of the District of Columbia that rezones Lot 809 in Square 160 (“Property”) from the DC/SP-2 to the DC/C-4 Zone District.

FINDINGS OF FACT

1. On June 15, 2010, the Office of Zoning received an application from the Applicant requesting the Commission to rezone the Property from the DC/SP-2 to the DC/C-4 Zone District (“Application”). The Commission set down the Application for a public hearing as a contested case at its July 26, 2010 public meeting.
2. The Property is located on the west side of 17th Street, between M Street and Rhode Island Avenue, N.W. It is improved with the National Restaurant Association Building, an eight-story edifice constructed in 1964 pursuant to Board of Zoning Adjustment (“BZA”) Order No. 7236, which authorized a special exception that was necessary at the time in order to construct an office building for non-profit associations and certain professional practices. In 1998, the Zoning Regulations were amended to allow general office use to replace non-profit and professional offices in the SP District as a matter of right. The building is now occupied by a variety of office tenants. Constructed to a height of 90 feet, the building contains approximately 93,572 square feet of space, which equates to a floor area ratio of approximately 5.5.
3. The area is dominated by high-density commercial buildings. In the western portion of Square 160, two office structures rise to a height of 130 feet. Across Rhode Island Avenue to the north are the YMCA, St. Matthew’s Cathedral and St. Matthew’s Court, rising to a height of 114 feet. To the east across 17th Street are an eight-story building occupied by the Human Rights Campaign and the Sumner School redevelopment, with an

that the proposed DC/C-4 zoning would not be inconsistent with the 2006 Comprehensive Plan.

9. At the conclusion of the public hearing on October 28, 2010, the Commission took proposed action to approve the map amendment. Pursuant to § 492 of the District Charter, the Commission referred its proposed decision of approval to the National Capital Planning Commission ("NCPC") for review and comment.
10. By delegated action dated October 28, 2010, NCPC found that the proposed map amendment would not be inconsistent with the Comprehensive Plan for the National Capital, nor would it have an adverse impact on any other federal interest.
11. The Commission took final action to approve the map amendment at its regularly scheduled meeting held on November 29, 2010.

CONCLUSIONS OF LAW

1. The Commission's authority to amend the Zoning Map derives from the Zoning Act of 1938, approved June 20, 1938 (52 Stat. 797, D.C. Official Code § 6-641.01 *et. seq.*) ("Zoning Act").
2. Section 1 of the Zoning Act, D.C. Official Code § 6-641.01 identifies the various ways that the Commission may regulate the construction and use of buildings so as to "promote the health, safety, morals, convenience, order, prosperity, or general welfare of the District of Columbia and its planning and orderly development as the national capital."
3. That same section authorized the Commission "divide the District of Columbia into districts or zones of such number, shape, and area as said Zoning Commission may determine, and within such districts [to] regulate the erection, construction, reconstruction, alteration, conversion, maintenance, and uses of buildings and structures and the uses of land."
4. Section 2 of the Zoning Act, D.C. Official Code § 6-641.02, as amended by § 492 of the Home Rule Act provides:

Zoning maps and regulations, and amendments thereto, shall not be inconsistent with the comprehensive plan for the national capital, and zoning regulations shall be designed to lessen congestion on the street, to secure safety from fire, panic, and other dangers to promote health and the general welfare, to provide adequate light and air, to prevent the undue concentration and the overcrowding of land, and to promote such distribution of population and of the uses of land as would tend to create conditions favorable to health, safety, transportation, prosperity, protection

of property, civic activity, and recreational, educational, and cultural opportunities, and as would tend to further economy and efficiency in the supply of public services. Such regulations shall be made with reasonable consideration, among other things, of the character of the respective districts and their suitability for the uses provided in the regulations, and with a view to encouraging stability for the uses provided in the regulations, and with a view to encouraging stability of districts and of land values therein.

5. Section 3 of the Zoning Act, among other things, provides that the maps in place as of the effective date of the Zoning Act of 1938 “shall be and continue in force and effect until and as they may be amended by the Zoning Commission” and that the “Zoning Commission may from time to time amend ... the maps.”
6. The Commission concludes the proposed map amendment is consistent with the purposes of the Zoning Act. The amendment will allow use of the property consistent with its designation on the Future Land Use Map for high density commercial purposes. Even if the Applicant were to utilize of the maximum height and bulk available under DC/C-4 zoning, the result will not be obtrusive nor will it cause any adverse affect on any nearby properties.
7. The Commission concludes that approval of the requested map amendment from the DC/SP-2 to the DC/C-4 Zone District is not inconsistent with the Comprehensive Plan.
8. The Commission also concludes that the requested map amendment is in the best interests of the District of Columbia and will benefit the community in which the Property is located.
9. The Commission is required under D.C. Official Code § 1-309.10(d) to give great weight to issues and concerns expressed in the affected ANC's written recommendation. The Commission concurs with the ANC's recommendation for approval, and has given it the great weight to which it is entitled.
10. The Commission is required under § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163, D.C. Official Code § 6-623.04) to give great weight to OP recommendations. The Commission concurs with the OP's recommendation for approval, and has given the recommendation the great weight to which it is entitled.
