Chairman Hood -

I am the Chairman of ANC 3F and Commissioner for 3F06, which includes Murch Elementary School. We were recently contacted by DGS regarding a minor modification to the UDC Campus Plan to accommodate swing space for the Murch students during the upcoming Murch modernization.

Unfortunately, given that the BZA meeting is on June 2, we cannot have an official ANC meeting in time pass a formal resolution concerning this zoning modification. Nonetheless, I wish to convey my full support for this modification, which is crucial for the Murch project to begin on schedule. I support this as both the Chair of 3F, which includes both UDC and Murch, and the SMD Commissioner for Murch itself. I also note that David Dickinson, Commissioner for 3F01, which includes UDC, also supports this modification (see separate letter from Commissioner Dickinson).

I am headed out of town for work and will be untraceable for the rest of today. However, I will be happy to call you to discuss this case tomorrow if you wish; just send me an email with a number to call.

Thanks and regards.
Malachy Nugent
Chair, ANC 3F
