- 1) Deprivation of light, air, and privacy in accordance with the original architectural intent of the redevelopment of Southwest Washington DC to have significant open space around and between homes.
- 2) Owner
- 3) 52 feet
- 4) The proposed structure will reduce the natural flow of air and light, lead to extreme traffic congestion, make a difficult street-parking situation significantly worse and reduce the quiet and peaceful quality of life.
- 5) I will probably move elsewhere.
- 6) The families who have homes on 6<sup>th</sup> across from the St. Augustine Church will be uniquely and negatively effected by the proposed development of the property with the losses discussed above. Constructive reuse of the church property in such a way that provides social service in kind should be considered as opposed to yet another somewhat redundant residential structure.
