

**Gangplank Slipholders Association**

October 31, 2017

DC Office of Zoning  
441 4th St NW # 200  
Washington, DC 20001

Subject: Case No. 11-03J  
Addendum to Party Status

Dear Sir/Madam: The Gangplank Slipholders Association (GPSA), a party to Zoning Case No. 11-03J, would like to clarify its request to testify.

GPSA respectfully requests the opportunity to present testimony at the public hearing on Thursday, November 2, 2017 (Overall Plan Elements/Volume C). This hearing specifically addresses the redevelopment of the Gangplank/Wharf marina where we are residents. We also request the opportunity to cross-examine the applicant and others that evening.

GPSA requests the option but not necessarily the obligation to present testimony and to cross-examine presenters at the November 6, 2017 hearing (Volume B). This hearing covers Water Building 2 and structures on the land that are adjacent to our community and will limit our access to the land-side.

GPSA requests the option but not necessarily the obligation to present testimony and to cross-examine presenters at the November 9, 2017 hearing (Volume A). This hearing covers Water Building 1 and structures on the land that are adjacent to our community and will limit our access to the land-side.

Thank you for your consideration of our requests.

Sincerely,

Gary R. Blumenthal  
President
