

Chairman Anthony Hood
DC Zoning Commission
Case 11-07 C
AU Request for Minor Modification
Hearing Date: February 2, 2015

Dear Chairman Hood,

I am a resident and owner in Westover Place, which is adjacent to the under-construction East Campus of American University. After the long and protracted series of Commission hearings prior to the ruling and start of construction, it is my belief that any delay in completion of the project would be detrimental to the interests of our community.

- I **support** the use of a 2 story garage to house the required 150 parking places
- I **support** the prohibition of any bus parking on the East Campus

I am therefore **against** any further actions which would delay the construction schedule of the East Campus and feel that would fall in to the category of "objectionable conditions" at this point.

There are some residents who remain so upset with the concept of the East Campus that they will oppose anything the university suggests. The majority of us would like this project to be completed in a timely manner.

Best regards,

Susan Farrell
