Washington, DC 20001

RE: Case 11-07 C

Dear Chairman Hood:

As an owner of four homes in Westover Place, I am writing to inform the Commission that I support American University's request for a minor modification for a 2-level garage to accommodate 150 vehicles. The 2-level garage will not be visible from the street, will reduce demand for street parking, and will help to alleviate noise impacts for immediate neighbors.

I also support the prohibition of buses on East Campus, as again this action will alleviate noise impacts in the Westover Community.

It is important to note that any further delay in the current construction schedule to complete this project by the Fall of 2016 will only prolong objectionable conditions like noise, traffic congestion and dust for Westover residents.

Sincerely,

Arlene Macedo
