

2/2/2015

Testimony of David Fehrmann, 4296 Massachusetts Ave NW, Washington DC 20016

I am an American University neighbor living in Westover Place

- Attended every AU Campus Plan development meeting
- Attended every ANC Campus Plan meeting
- Attended every Zoning Commission hearing on Case 11-07
- Even attended the Court of Appeals Oral Arguments

I think I have perspective on this case and feel like I represent the silent majority of Westover Place owners.

Other new-comers to the process testifying tonight lack this perspective – their sole goal seems to be creating a road block to delay the inevitable development of East Campus. They seem to forget that the Zoning Commission has ruled, the DC Court of Appeals has ruled, and that American University is going to go forward.

Further delay of East Campus construction is not in the best interest of Westover Place, or the greater neighborhood. Further delay only extends the agony– the dirt, noise, pounding vibrations, traffic, trash and certainly the construction site. Let's get this behind us so we can all get on with our lives.

I support the American University request for a two level garage and 150 below ground parking spaces.

I support the American University proffered condition to prohibit motor coach traffic from the East Campus.

ZONING COMMISSION
District of Columbia
