Bio

During his diverse career in urban design, master planning and landscape architecture, Bruno Carvalho has successfully implemented various projects throughout the United States and abroad. As a registered landscape architect in Maryland and Virginia, and a certified planner, Mr. Carvalho is well versed in a broad range of professional design from intimate small-scaled sites to regional-scaled master plans. Prior to founding **Carvalho + Good**, Bruno led the urban design and landscape architecture group for a nationally recognized multi-disciplinary firm. His success as a design professional stems from emphasizing a collaborative approach to projects, building long-lasting relationships with clients, and a passion for great design. Mr. Carvalho's work strives to reach the optimum solution for each unique project. As principal of **Carvalho + Good**, Mr. Carvalho is personally involved in every project undertaken by the firm.
