Re: Support for Zoning Commission Case No. 13-09
Commons at Stanton Square – Community Service Center and Residential Project

Dear Chairman Hood:

I am aware of the project-housing and community service goals.

I have known Joe Horning and Horning Brothers for over 40 years. Their work and commitment to projects and efforts are always sensitive and responsive to community needs.

I was born and grew up in Anacostia Hillside Ward 8, and now live in the same block on Shannon Place that I did for 19 years. In 1980 I decided to move back to live and locate my business there, that's 35 years ago that I came back to live in and make a difference in my community.

My concern for and commitment to the city and the River-East community is deep and well known, I feel that this Horning Brothers project is consistent with my goals for my community. Therefore, I support this project.

Sincerely,
