Dear Chairman Hood:

I have talked with the staff at Stanton Apts. about the upcoming Stanton Square project in addition to Martha's Table And Community of Hope services for the community. I support the nutritional services, early childhood programs, and health care programs that are planned to be offered.

I have been a resident of Ft. Stanton Apts. for over 3 years and I have had a good experience with the staff and management of the property. I feel they would be great at managing the Stanton Square project, it couldn't be in more capable hands.

I look forward to this project and it has my 100% support!

Sincerely,

Hakim Malik

Dear Chairman Hood,

I am aware of Herring Brother's Stanton Square project that has 120 apartments and 42 townhouses in addition to Martha's Table and Community of Hope Services for the Community. I believe that nutritional services, early Childhood programs and health care offerings will be very beneficial.

I have been a resident of Carver Hall Herring Brother's property for over 34 years. I find that Herring Brothers is an excellent property manager and addresses the needs of residents. I'm excited that they will be managing the Stanton Square projects.

Sincerely
Clifton Hines
